TRAINING & PUBLIC EVENTS

Pub-Ed, Station Visits, School Visit, Ride-alongs: The OFD participated in 14 outreach programs in June. Station visits, school site visits and other public education programs are a key element to our fire prevention program.

Wildland fire refresher: OFD personnel did annual wildland training. This included tent shelter deployment, progressive hoselays and proper use of handtools.

Annual VHF radio training: The OFD had mandatory refresher training on the VHF radio system. VHF radios are used on wildland fires and as a backup system to our primary 800 mHz radio system.

Wildland Drill Burns: The OFD held live fire drill burns near the Oceanside Airport.

Confined Space Rescue: Confined Space Rescue drills were conducted with Oceanside Sewer workers at a pump station off Foussat Dr. This training meets OSHA mandated training for confined space rescue.

Promotions: Congratulations to newly promoted Captain Oscar Ayala and Engineer Mark Miller.

Palomar Academy: OFD personnel participated in the regional fire academy at Palomar College.

Apparatus Operator Training: Many of the personnel who recently got off probation have begun training in apparatus operator skills. These are required elements of the job and are necessary for future promotions.

CPR/AED Training: OFD Personnel put on a public CPR/AED training session.

Engine Pump Testing: Annual pump testing continued on all Oceanside Fire Department Engines and Trucks to comply with state and federal regulations.

Command Training Center: The OFD Command Training Center hosted its first 3-day training session with many members of neighboring departments. The OFD will start to train their own personnel in the upcoming months.

Communicable Disease Training: Annual communicable disease training took place throughout June.
