## TRAINING & PUBLIC EVENTS

**Pub-Ed, Station Visits, School Visit, Ride-alongs:** The OFD participated in 13 outreach programs in August. Station visits, school site visits and other public education programs are a key element to our fire prevention program.

**Wildland Brush Fires:** Multiple OFD Units were deployed in the month of August to state and local mutual aid wildland fires. The state OES Brush Engine was deployed all the way up to Northern California in the Chico area. Other brush trucks went as far as Kern County. Oceanside is part of the California Master Mutual Aid Agreement that deploys resources all over the state.

**Annual VHF radio training:** The OFD had mandatory refresher training on the VHF radio system. VHF radios are used on wildland fires and as a backup system to our primary 800 mHz radio system.

**Wildland Drill Burns:** The OFD held live fire drill burns near the Oceanside Airport.

**Confined Space Rescue:** Confined Space Rescue drills were conducted with Oceanside Sewer workers at a pump station off Foussat Dr. This training meets OSHA mandated training for confined space rescue.

**Preceptors:** Oceanside Fire Department Paramedics are currently preceptors to 3 college paramedic interns. Interns will do 22 shifts with an assigned OFD Firefighter/Paramedic as a part of their education to complete paramedic school.

**Palomar Academy:** OFD personnel participated in the regional fire academy at Palomar College.

**Multi-Company Drills:** Fire crews did multiple multi-company drills down at the OFD Fire Training Center.

**CPR/AED Training:** OFD Personnel put on a public CPR/AED training session.

**Engine Pump Testing:** Annual pump testing continued on all Oceanside Fire Department Engines and Trucks to comply with state and federal regulations.

**Command Training Center:** The OFD Command Training Center will begin training OFD Personnel soon!
