

YES	NO	
		The proposed cover is being constructed at a single or two family dwelling.
		Three (3) sets of plot plans drawn to scale.
		The plot plan shows the name, address and phone number of the owner, plan preparer and contractor.
		The plot plan has been signed by the plan preparer.
		The plans show all proposed and existing structures and their setbacks.
		Minimum side yard setback and maximum lot coverage is ok per our zoning ordinance.
		The patio cover is a minimum of 10' from rear property line.
		The plan references the currently adopted City standard for structural design & has no structural specifications or details.
		There is no gas piping below ground under the patio cover.
		There is no new electrical.
		Attach a copy of the City standard for solid or open covers. Customer is to highlight proposed footings and framing sizes.
		Attach a copy of the smoke detector verification form.
