ITEM NO. 11

STAFF REPORT

CITY OF OCEANSIDE

DATE: October 4, 2006

TO: Honorable Mayor and City Councilmembers

FROM: Public Works Department

SUBJECT: **ACCEPTANCE OF IMPROVEMENTS FOR THE ANNUAL SLURRY SEAL FY 2005-06 PROJECT**

SYNOPSIS

Staff recommends that the City Council accept the improvements constructed by All American Asphalt of Corona for the Annual Slurry Seal FY 2005-06 project, and authorize the City Clerk to file the Notice of Completion with the San Diego County Recorder.

BACKGROUND

Each fiscal year, a maintenance contract for restoration of City streets is offered for competitive bid. The restoration project is part of an ongoing program based on the five-year Pavement Management Plan to restore and preserve the City's streets.

On December 14, 2005, the City Council approved the plans and specifications and authorized a call for bids for the project. On January 26, 2006, the bids were publicly opened.

On February 22, 2006, the City Council approved the award of contract to All American Asphalt of Corona in the amount of $611,515.75 for the Annual Slurry Seal FY 2005-06 project.

Construction began on May 22, 2006, and was completed on August 8, 2006.

ANALYSIS

This project applied minor street restoration techniques to 13 lane-miles located on seven street segments, which included the removal and replacement of deteriorated sections of streets, crack-sealing and the application of a Rubberized Emulsified Aggregate Slurry, which provides a flexible, new wearing surface that will extend the useful life and delay the need for costly major restorations.

FISCAL IMPACT

The FY 2005-06 Capital Improvement Program appropriation for the Citywide street restoration program was $1,541,000 in Gas Tax Funds. The construction cost for this project was $611,515.75. The total project cost, which includes administration, inspection, project management and contingencies, was $734,000. Sufficient funds are available for this project.

INSURANCE REQUIREMENTS

The City's standard insurance requirements have been met and are currently in effect.

COMMISSION OR COMMITTEE REPORT

Does not apply.

CITY ATTORNEY'S ANALYSIS

The City Council is authorized to accept the improvements and require the filing of the Notice of Completion.

RECOMMENDATION

Staff recommends that the City Council accept the improvements constructed by All American Asphalt of Corona for the Annual Slurry Seal FY 2005-06 project, and authorize the City Clerk to file the Notice of Completion with the San Diego County Recorder.
