STAFF REPORT

CITY OF OCEANSIDE

DATE: May 15, 2013

TO: Honorable Mayor and City Councilmembers

FROM: Property Management Division

SUBJECT: **ADOPTION OF RESOLUTIONS CONFIRMING THE DIAGRAMS AND ASSESSMENTS FOR FY 2013-14 FOR TEN OF THE CITY'S LANDSCAPE MAINTENANCE DISTRICTS**

SYNOPSIS

Staff recommends that the City Council adopt resolutions confirming the diagrams and assessments for each of the following Landscape Maintenance Districts for FY 2013-14 and order the assessments to be levied for FY 2013-14:

Del Oro Hills, Assessment District No. 1-1987
Guajome Ridge, Assessment District No. 1-1989
Mar Lado Highlands, Assessment District No. 1-1988
Mission Meadows, Assessment District No. 2-1979
Peacock Hills, Assessment District No. 1-1977
Rancho Hermosa, Assessment District No. 3-1982
Santa Fe Mesa, Assessment District No. 2-1987
Sunburst Homes, Assessment District No. 1-1980
Sunset Hills, Assessment District No. 2-1982
Vista Del Rio, Assessment District No. 1-2001

BACKGROUND

The City's Landscape Maintenance Districts were formed pursuant to the authority granted by the Landscaping and Lighting Act of 1972 of the California Streets and Highways Code. This legislation provided the means to finance the maintenance of landscape improvements within the boundaries of each district.

The assessments will remain the same in FY 2013-14 as they were in FY 2012-13 for all the districts listed above except the Guajome Ridge and Vista Del Rio districts. A comparative summary of the existing and proposed assessments for each district is shown in the fiscal impact portion of this report.

ANALYSIS

The City Council is required to conduct a public hearing regarding the proposed FY 2013-14 assessments to be levied within each of the districts. The public hearing provides all interested persons an opportunity to be heard, either in writing or orally at the public hearing, regarding the renewal and proposed assessments. After consideration of the evidence submitted, the City Council is requested to adopt resolutions for each of the districts confirming the FY 2013-14 diagram and assessment.

The amount of the assessment levied against a parcel is based on benefit unit costs. Benefit units are assigned to each parcel reflecting both land use designation and proximity to district landscaping. Each district's total costs, divided by the total benefit units in the district, determines the assessment per benefit unit. A parcel's assessment is determined by multiplying its assigned number of benefit units by the assessment per benefit unit.

Single-family homes are assessed one benefit unit. An additional 0.1 benefit unit is assessed if the single-family home is adjacent to district landscaping. Condominiums and apartments are assigned 0.8 benefit unit per dwelling.

An itemized outline of costs and the calculation of the average annual assessment per benefit unit are summarized in the attached Engineer's Reports, approved on April 17, 2013, and the accompanying exhibits. The report identifies the proposed assessment for each lot and parcel of real property within the district. Exhibit C of the Engineer's Reports contains an assessment roll showing the proposed amount to be assessed against each parcel within each district. The proposed assessments within the Engineer's Reports will be used to pay the operation, maintenance, and material costs associated with each district for FY 2013-14. Exhibit C is available for review in the City Clerk's office. Since there will not be any changes to the Engineer's Reports approved on April 17, 2013, the City Council is not required to approve Modified Engineer's Reports. The proposed assessments within the Engineer's Reports, approved on April 17, 2013, will be used to pay the operation, maintenance and material costs associated with each district for FY 2013-14.

FISCAL IMPACT

All costs are included in each respective district's budget. Revenues to cover the estimated expenditures are levied and collected as a special assessment against the properties within each district. The budgets for each of the districts are detailed on Exhibit B of the Engineer's Reports. A comparative summary of the existing and proposed assessments for each district is shown below:

District	Current Annual / Monthly	Proposed Annual / Monthly	CPI	Account Numbers
Del Oro Hills	$444.80/$37.06	No Change	No CPI	320331248

Vista Del Rio	$82.90/$6.91	$84.14/$7.01	1.5% Annually	320322252

An annual increase to the base assessment rate by the Consumer Price Index for all Urban Consumers for the San Diego Area (CPI) was approved by a majority of the property owners within the Guajome Ridge and Vista Del Rio districts, with City Council approval. The total annual assessment will not exceed the maximum rate unless a balloting process in compliance with Proposition 218 is completed. All of the assessments approved by the City Council were prepared in accordance with the 1972 Act and are in full compliance with the provisions of the California Constitution Article XIIID (Proposition 218).
