

Adopt-a-Beach

Interested in making our beaches clean and healthy?

Then join the thousands across California who are making a difference by adopting a beach!

The California Coastal Commission and the City of Oceanside have teamed up to offer any group the opportunity to Adopt-a-Beach.

What does that mean?

Any group within the City of Oceanside can help protect our beaches by adopting an Oceanside beach.

As an official adopter, your group will receive a certificate of recognition from both the California Coastal Commission and the City of Oceanside, education materials about ocean pollution and the satisfaction of knowing your group is helping improve the water quality and appearance of one of our most precious and sensitive resources—the California Pacific Coastline.

What's the catch?

No catch, just a minor obligation...

Groups are asked to participate in at least three beach cleanups a year and primary school classrooms can help with one beach cleanup a year. The City of Oceanside hosts many beach cleanups throughout the year so be sure to check out our [Calendar of Events](#) or get yourself on our [mailing list](#) so you can receive a flyer.
