Stuff you need to know:

2. Locate an area where you want to have a bin or two or three...

3. Make sure to empty each bin before it gets full and bring the bottles to the City of Oceanside Buyback Center at 2880 Industry St.

4. Collect the cash and have fun!!!

What kind of recyclables can you get cash for?

Your group can recycle all beverage containers that have a refund value. That means all cans and bottles made of glass, plastic and aluminum.
