

SUBJECT:

**Recycling of Solid Waste Generated as a
Result of Construction or Demolition Projects**

**POLICY NUMBER 100-59
ADOPTED 12-14-05**

It is the policy of the City Council that all City projects shall divert or recycle all inerts, green waste, metal and wood from solid waste generated as a result of construction or demolition. Inerts consist of rock, asphalt, concrete, brick, rubble and soil.

All private development projects, including demolition and remodel projects, shall be encouraged to recycle and divert all inerts, green waste, metal, cardboard, and wood materials from landfill disposal.
