

DATE: October 3, 2007
TO: Honorable Mayor and City Councilmembers
FROM: Fire Department
SUBJECT: **PURCHASE ORDERS OVER \$50,000**

SYNOPSIS

Staff recommends that the City Council approve annual purchase orders for the purchase of equipment, supplies, materials and services in amounts over \$50,000 from various Fire Department funds; and authorize the Financial Services Director, or designee, to execute the annual purchase orders.

BACKGROUND

Each fiscal year, the Fire Department estimates the quantity of special equipment, supplies and materials that will be needed for fire and emergency medical response operations during the next twelve months. Purchase requisitions are then submitted to obtain the required equipment and supplies. Staff procures three bids, unless the purchase is a sole-source item. The vendor or supplier is selected based on the criteria of most applicable product and best service for the needed service at the lowest cost.

ANALYSIS

The Fire Department has reviewed its spending practices and recognized that many routine functions require purchases that will exceed \$50,000 during the fiscal year. A selection process to determine the best price from each vendor considering quality, performance and availability was conducted. This information, as well as the method of purchase, is provided below.

Vendor	Supplies/Services	Expenditures	Purchase method
All Star Fire Equipment	Personal Protective Equipment (PPE)	\$125,645.33	Competitive bid
Fire Etc.	PPE, ladders, hoses	\$60,000.00	Competitive bid
Fire Service, Specifications & Supplies (FS3)	Holmatro extrication equipment & tools	\$75,975.99	Sole source
L.N. Curtis & Sons	Emergency equipment	\$130,193.81	Competitive bid
Mallory	Breathing apparatus	\$60,000.00	Sole source
Motorola Inc.	Communication radios	\$60,500.00	Competitive bid
Progressive Medical Int'l.	Medical supplies and equipment	\$84,904.50	Competitive bid

FISCAL IMPACT

In the adopted budget for fiscal year 2007-2008, City Council approved funds for these purchases in business units 384530, 384540 and 384545. The Department may purchase similar equipment, supplies and materials from different vendors at different costs. Multiple vendors are utilized to minimize service/supply disruptions that could delay acquisition and potentially endanger public safety.

COMMISSION OR COMMITTEE REPORT
