

STAFF REPORT

ITEM NO. 14
CITY OF OCEANSIDE

DATE: November 4, 2009
TO: Honorable Mayor and City Councilmembers
FROM: Development Services Department
SUBJECT: **RESOLUTION ESTABLISHING A STOP CONTROL ON ANNE SLADON STREET AT FOXWOOD DRIVE**

SYNOPSIS

Staff and the Transportation Commission recommend that the City Council adopt a resolution establishing a stop control on Anne Sladon Street at Foxwood Drive.

BACKGROUND

The City received a request from a resident living in the area for the installation of a stop sign on Anne Sladon Street at Foxwood Drive. The Anne Sladon Street and Foxwood Drive intersection is a T-intersection and is currently uncontrolled. Anne Sladon Street terminates into Foxwood Drive.

ANALYSIS

The California Vehicle Code, Section 21800, states that "...the driver of any vehicle on a terminating highway shall yield the right-of-way to any vehicle on the intersecting continuing highway." A "terminating highway means a highway which intersects, but does not continue beyond the intersection, with another highway which does continue beyond the intersection." When there is no posted stop sign, traffic on the stem of a T-intersection shall yield right-of-way to cross traffic. When there are visibility obstructions for a driver, such as the geometrics of the intersection or vegetation, it is staff's recommendation that a stop sign be installed.

Anne Sladon Street terminates into Foxwood Drive and there are sight visibility issues because of obstructions due to a wall and vegetation. Therefore, Anne Sladon Street qualifies for the installation of a stop sign at Foxwood Drive.

FISCAL IMPACT

The installation of the proposed stop sign would cost \$100 with an increase in annual maintenance of one work hour.

CITY ATTORNEY'S ANALYSIS

The referenced documents have been reviewed by the City Attorney and approved as to form.

COMMISSION OR COMMITTEE REPORT

At their August 18, 2009, meeting the Transportation Commission approved the proposed stop control on Anne Sladon Street at Foxwood Drive.
