

DATE: December 16, 2009

TO: Honorable Mayor and City Council Members

FROM: Water Utilities Department

SUBJECT: **AMENDMENT 2 IN THE AMOUNT OF \$45,100 TO THE PROFESSIONAL SERVICES AGREEMENT WITH J.F. WHITE CONTRACTING COMPANY FOR THE OCEAN OUTFALL ANALYSIS—REMOTE OPERATED VEHICLE INSPECTION PROJECT**

SYNOPSIS

Staff recommends that the City Council approve Amendment 2 in the amount of \$45,100 to the professional services agreement with J.F. White Contracting Company of Framingham, Massachusetts, for the Ocean Outfall Analysis—Remote Operated Vehicle Inspection project located offshore north of the mouth of Loma Alta Creek (Exhibit A); and authorize the City Manager to execute the amendment.

BACKGROUND

On April 19, 2006, the City Council authorized the Public Works Director to call for bids for the project. No bids were received. The Water Utilities Department has found that contractors specializing in this type of work do not have contractor licenses. After determining that this should be a service-oriented agreement, a request for proposals was solicited. The Department received two proposals, one from Hibbard Inshore and one from J.F. White Consulting Company, and one letter declining to respond to the request for proposal solicitation. The proposals were evaluated and the proposal received from J.F. White Contracting Company of Framingham, Massachusetts, in the amount of \$248,300 was selected.

On September 13, 2006, the City Council approved a professional services agreement in an amount not to exceed \$248,300 with J.F. White Contracting Company for the analysis of the Oceanside Ocean Outfall (OOO) by remote-operated vehicle inspection.

Due to the condition of the land outfall along Oceanside Boulevard this project had to be put on hold until the completion of the Emergency Land Outfall Replacement project.

The City of Oceanside owns and operates the Oceanside Ocean Outfall (OOO) which begins at the La Salina Wastewater Treatment Plant site just north of the mouth of Loma Alta Creek and extends southwesterly approximately 8,850 feet offshore to a

depth of approximately 100 feet. The City of Oceanside's wastewater effluent from the San Luis Rey Wastewater Treatment Plant, the La Salina Wastewater Treatment Plant, and the brine from the groundwater purification facility is discharged into the ocean through the outfall pipeline. Additionally, effluent from Fallbrook Public Utilities District and Camp Pendleton discharge into the OOO. The ocean outfall was constructed in 1972. It is a 38-inch steel pipe with a 1-inch-thick cement mortar interior lining and 2.75-inch-thick cement mortar outer jacket, and has a 36-inch internal diameter. The OOO terminates with a 230-foot diffuser co-linear with the rest of the outfall and extends to a depth of approximately 108 feet. The diffuser has fourteen 5-inch diameter ports and ten 4-inch diameter ports.

ANALYSIS

Amendment 1, approved by Council on October 14, 2009, was an increase in the cost of service in the amount of \$15,497.98 for a total contract price of \$263,797.98 from the delay in starting the project due to the Emergency Land Outfall Replacement project.

Amendment 2 is an increase in the cost of service in the amount of \$45,100 for a total contract price of \$308,897.98 due to the delay in starting the project that required a second equipment mobilization requiring the equipment to be packed-up, checked-out and shipped across the country twice.

Approximately \$113,748.99 has been expended to date.

FISCAL IMPACT

The Ocean Outfall Analysis fund (908548600715.5325) has a FY 2008-09 carry forward balance of \$98,061, therefore adequate funds are available.

COMMISSION OR COMMITTEE REPORT

The Utilities Commission reviewed and approved the award of the original contract at its meeting on March 21, 2006.

CITY ATTORNEY'S ANALYSIS

The referenced documents have been reviewed by the City Attorney and approved as to form.

INSURANCE REQUIREMENTS

The City's standard insurance requirements will be met.

RECOMMENDATIONS

Staff recommends that the City Council approve Amendment 2 in the amount of \$45,100 to the professional services agreement with J.F. White Contracting Company of Framingham, Massachusetts, for the Ocean Outfall Analysis—Remote Operated Vehicle Inspection project located offshore north of the mouth of Loma Alta Creek (Exhibit A); and authorize the City Manager to execute the amendment.
