

STAFF REPORT*CITY OF OCEANSIDE*

DATE: December 8, 2010

TO: Honorable Mayor and City Councilmembers

FROM: Development Services Department/Planning Division

SUBJECT: **APPROVAL OF THE FY 2010-2011 WORK PLAN FOR THE PLANNING COMMISSION**

SYNOPSIS

The Planning Commission has developed its work plan for FY 2010-2011; the Commissioners approved the work plan at their August 23, 2010 meeting. City Council's approval of the proposed work plan is required to implement the activities and programs of the Commission. The Commission and staff recommend that the City Council approve the work plan.

BACKGROUND

The City of Oceanside Planning Commission (the "Commission") is a seven-member body that reviews and takes action on a variety of land use requests throughout the City. The Commission's primary goal is to consider land use requests and study land use issues in light of the City of Oceanside's General Plan and its elements. The Commission is responsible for land use decisions and recommendations under the auspices of Federal, State, regional and local laws, ordinances and City policies.

The City Code (Chapter 2, Article VII), the City Subdivision Ordinance (Ordinance No. 91-08) and the City Zoning Ordinance (Ordinance No. 88-22 as amended to date) establish collectively the rules, roles and procedural responsibilities of the Planning Commission with respect to land use and development-related matters.

Present rules provide that the Planning Commission review and make recommendations to the City Council on the following land use items:

General Plan Amendments	Zoning Ordinance Text Amendments
Specific Plan Amendments	Local Coastal Plan Amendments
Zoning Map Amendments	Regulated Uses

The Commission has the final decision-making authority to approve, conditionally approve or deny the following:

Tentative Subdivision Maps
Development Plans
Conditional Use Permits

Variances
Regular Coastal Permits

However, the Commission's "final" decision-making authority noted above is subject to appeal and hearing by the City Council if an interested party files a written appeal, or if two Councilmembers request a "call for review" within 10 days of the Commission decision.

ANALYSIS

The Planning Commission works to improve the quality of life for members of the Oceanside community and make recommendations and decisions that contribute to the vision that will shape and define the City into the future.

To carry out its work, the Commission annually conducts approximately 60 public hearings on land use applications for Development Plans, Conditional Use Permits, Tentative Maps, Zone Changes and other discretionary actions. The Commission also forms ad hoc subcommittees to consider advance planning matters that would benefit from early input from the Commissioners and holds public study sessions that serve as educational forums for community members, staff and Commissioners on planning related issues. In general, the Commission meets approximately 24 to 26 times a year.

The Commission has prepared its work plan for FY 2010-2011 under the guidelines of the City Council and in consultation with staff from the Planning Division. The proposed goals and activities reflect the purpose and mission of the Commission as described in the Bylaws of the Commission and in the Vision Statement of the City.

As outlined, the proposed work plan continues the typical goals and tasks of the Commission with respect to land use and development-related matters. However, there are several new tasks and objectives added to this year's work plan. They include:

a) Planning Efforts

- i. Medical Marijuana Moratorium/ Zoning Text Amendment - The Planning Commission will hold public workshops and/or study sessions to discuss issues related to the medical marijuana moratorium and any potential zoning text amendment associated with the moratorium action, on an as-needed basis.

b) Community Education - The Planning Commission will hold:

- i. Airport Land Use Compatibility Plan (ALUCP) – Presentation/workshop on the Oceanside Municipal ALUCP, adopted by the Airport Land Use Commission on January 25, 2010.
- ii. California Green Building Standards Code Update - Presentation/workshop on Green Building Codes, effective January 1, 2011, and related considerations in future planning.

- iii. Water 101 – In conjunction with the Utilities Commission and the Redevelopment Advisory Committee, staff will facilitate a presentation/workshop on water availability, infrastructure upgrade needs and associated potential impacts on anticipated development.
- iv. SB375 Update - Presentation/workshop on status of SANDAG’s regional “Sustainable Communities Strategy” or “Alternative Planning Strategy” and related considerations in future planning.

c) Completed projects City tour

Approval of the work plan by the City Council is required for implementation of tasks and objectives of the Commission.

FISCAL IMPACT

Land use and development-related entitlement applications and permits are paid by developer fees. Non-development-related work programs are funded by the General Fund as part of the Planning Division budget.

COMMISSION OR COMMITTEE REPORT

The Planning Commission has approved the proposed work plan for submission to the City Council.

CITY ATTORNEY'S ANALYSIS

Does not apply.

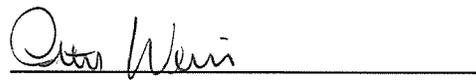

RECOMMENDATION

Staff recommends that the City Council approve the Planning Commission's FY 2010-2011 work plan.

Planning Commission
FY 2010-2011 Work Plan**

I MISSION STATEMENT

The Oceanside Planning Commission shall guide, encourage and promote responsible development as it relates to the physical, environmental, social, economic, cultural and safety needs of the community.

II COMPOSITION/ROLE

The Commission is composed of seven members: Robert Neal, Chairperson; Tom Rosales, Vice Chair; and Commissioners Louise Balma, Stan Bertheaud, Dennis Martinek, Jay Scrivener and Claudia Troisi. As stated in City Council Policy No. 300-021, adopted on May 21, 1997, the members of the Planning Commission have the knowledge and experience as citizens of Oceanside to represent the community as a whole in their decisions and recommendations. The Council Policy also includes standards of ethical conduct for the Planning Commission. These standards require the advancement of the public interest; the importance of independence in judgment; openness; and fairness.

III STRUCTURE

The Planning Commission serves under provisions of local ordinance and state law. Its secretary is the City Planner, and principal staff support is provided by the Development Services Department/Planning Division.

From time to time various adhoc sub committees are appointed by the Chair to work on specific issues. In addition, two Commission members serve on the Redevelopment Design Review Committee (RDRC). The Chairperson of the Commission also serves as the Planning Commission representative on the Oceanside Mobilehome Park Financing Authority.

IV GENERAL GOALS AND TASKS

The Planning Commission's primary goal is to consider land use requests and study land use issues in light of the City of Oceanside's General Plan and its elements. The Commission is responsible for land use decisions and recommendations under the auspices of Federal, State, regional and local laws, ordinances and City policies.

The Planning Commission works to improve the quality of life for members of the Oceanside community and makes recommendations and decisions that contribute to the vision that will shape and define the City in the future.

The Commission works strongly and consistently for the enhancement of public participation and knowledge of the planning process.

To carry out its work the Commission conducts approximately 45 public hearings annually on land use applications for Development Plans, Conditional Use Permits, Tentative Maps, Zone Changes and other discretionary actions. The Commission also forms adhoc sub committees to consider planning matters that would benefit from early input from the Commissioners and holds public study sessions that serve as educational forums for community members, staff and Commissioners on planning related issues. The Commission meets 24 to 28 times a year.

V SPECIFIC GOALS AND TASKS

1. The Planning Commission shall conduct public hearings and make land use decisions and/or recommendations to the City Council on project applications.
2. The Planning Commission shall hear all sides of any issue before it, by providing a complete opportunity for all interested parties to be heard in a public meeting.
3. The Commission shall conduct an in-depth review and complete public discussion of all projects it hears prior to making any decisions or recommendations.
4. The Commission shall review, affirm and adopt all of the findings required by State law and local regulation for the actions it takes on any projects either for or against.
5. The Commission shall consider all of the environmental documentation provided with a project and make findings based on the mitigation of any negative impacts based on the requirements of the California Environmental Quality Act.
6. The Commission shall continue to place and support conditions on projects to ensure that potential impacts are mitigated appropriately.
7. The Commission shall continue its practice of in-depth review of the architecture, design and landscaping of all development projects to insure their compatibility with and enhancement of the surrounding neighborhoods and the overall community.
8. The Commission shall provide input to the Community Development Commission (CDC) on projects within the Downtown Redevelopment project area as requested by the City Council/CDC through the Redevelopment Design Review Committee (RDRC).

9. During the coming year the Planning Commission is anticipated to discuss and provide input and recommendations on the following projects and work tasks:

a) Planning Efforts

i. Medical Marijuana Moratorium/ Zoning Text Amendment - The Planning Commission will hold public workshops/ study sessions to discuss issues related to the medical marijuana moratorium and any potential zoning text amendment associated with the moratorium action, on an as needed basis.

b) Community Education - The Planning Commission will hold:

i. Airport Land Use Compatibility Plan (ALUCP) – Presentation/workshop on the Oceanside Municipal ALUCP, adopted by the Airport Land Use Commission on January 25, 2010.

ii. California Green Building Standards Code Update - Presentation/workshop on Green Building Codes, effective January 1, 2011 and related considerations in future planning.

iii. Water 101 – In conjunction with the Utilities Commission and the Redevelopment Advisory Committee, staff will facilitate a presentation/workshop on water availability, infrastructure upgrade needs and associated potential impacts on anticipated development.

iv. SB375 Update - Presentation/workshop on status of SANDAG's regional "Sustainable Communities Strategy" or "Alternative Planning Strategy" and related considerations in future planning.

c) Completed projects City tour
