Subject: Mission View Fellowship Center

Dear Oceanside City Council,

I am completely opposed to the idea of opening a men's drug and alcohol rehabilitation facility in this location for the following reasons.

1) The location is steps from the Mission School and Montessori, and Nichol's Elementary Schools. People that are recovering from drugs and alcohol don't appear to be a problem, but there are considerable number of people don't complete the program. I do not wish to have my child exposed to the reality of what happens when a person is unable to deal with their addictions.

2) The River Ranch community and a retirement community are adjacent to the proposed site. River Ranch is a family community and does not need to have this type of element so close to our children. When these types of people do not become fully recovered, they tend to relapse into their old ways.

This usually means looking for a way to get money quick. We do not want our homes or our neighborhood to be a source of income for their activities. If you don't believe that this happens, then go to the police department, and ask them how many vagrant complaints are filed in the area for vagrants.

There is currently a problem with homeless encampments in the immediate area, and we do not need to add to the problem. The OPD has many complaints about drug and alcohol addicted people in the area. This will only add to the number of police reports.

Please vote no on the request to rezone this property to allow a drug and alcohol rehab facility. The Mission, Nichols Elementary, and the surrounding residential community of River Ranch, River Point, Sierra Ridge, and Williams Ranch will be grateful.

Thank you,

Sean Murphy

Subject: RE: Mission View Manor Lot

Scott,
the Mission View Manor Lot general plan amendment proposes changing the land use from residential to commercial. The property owner wants to sell mobile homes on the commercial land.

The proposal is not for a drug and alcohol rehabilitation facility. The closest thing that I can think of that would be related to drug and alcohol rehabilitation is "The Fellowship Center." Richard Greenbauer is the planner who worked on that application. I can forward your message to him, if you are concerned about the drug and rehabilitation application.

Thank you, J.

Subject: Mission View Manor Lot

I am completely opposed to the idea of opening a drug and alcohol rehabilitation facility in this location for the following reasons.

- 1) This location is within walking distance of Nichols Elementary School. We do not need to have people with no jobs and no attachment to the community this close to an elementary school.
- 2) The River Ranch community is right next store to the proposed site. River Ranch is a family community and does not need to have this type of element so close to our children. When these types of people do not become fully recovered, they tend to relapse into their old ways. This usually means looking for a way to get a quick fix. We do not want our homes or our neighborhood to be a source of income for their activities.

Please vote no on the request to rezone this property. Our families will thank you for not allowing this venture to tarnish the family community in River Ranch.

Thank you,

Scott Webb

To Whom It May Concern:

This letter is in support of The Fellowship Center in providing alcohol and other drug recovery services in the city of Escondido and in North County.

Since its inception in 1963, The Fellowship Center has been an integral part of Escondido's array of community service providers. It makes a significant contribution in integrating people back into productive lifestyles by changing their sobriety and mentality.

The staff members at The Fellowship Center are trained specialists in their field and have cooperated with law enforcement at every opportunity.

The Police Department appreciates the efforts of The Fellowship Center in assisting people in need and helping them to become capable of holding jobs and living lives that benefit society.

If you have any questions, please do not hesitate to contact me at (760) 839-4706.

Sincerely,

Jim Maher
Chief of Police

To Whom It May Concern:

I am contacting you on behalf of The Fellowship Center to support their recovery services to the citizens of Escondido. The Center provides many valuable services that benefit our community. The organization is well managed with a very professional staff, and occupies a well maintained facility. Beyond their recovery services, they are good neighbors and assist in many community projects. They have made significant contributions to our City since 1963. We appreciate their dedication and work, and their support of helping people live productive lifestyles.

Should you have any questions or wish to discuss The Fellowship Center in more detail, please don't hesitate in contacting me.

Sincerely,

A handwritten signature in black ink, appearing to read "Lori Holt Pfeiler". The signature is fluid and cursive, extending across the width of the page.

Lori Holt Pfeiler
Mayor

Escondido

Fellowship Center will improve O'side

Regarding the Fellowship Center opening a facility in Oceanside ("The Fellowship Center is planning new facility in Oceanside," July 29): There have been numerous letters to the editor critical of this proposed project. Almost all of them focus on the center's proximity to large numbers of children. Since this concern is irrational, I have come to believe that a small group of individuals has taken one letter and modified it ever so slightly for each different signature.

If the Fellowship Center was going to treat pedophiles, then the letter writers might be correct. It probably would be a bad idea to locate pedophiles next to children. But the Fellowship Center does not treat pedophiles. The Fellowship Center helps individuals who want to change their lives. Individuals are not incarcerated at, or sentenced to, this program. The clients are motivated to change and agree to follow all the rules.

The existing Fellowship Center in Escondido has been a tremendous asset to the community. The gentlemen at the Fellowship Center not only hold down jobs, take classes, etc., they also give back to the community, volunteering their time and talents. ... Adding such a facility to Oceanside can only improve the community.

RICK PAUL

Escondido
