

DATE: September 9, 2009

TO: Honorable Mayor and Councilmembers

FROM: Water Utilities Department

SUBJECT: **PROFESSIONAL SERVICES AGREEMENT WITH INFRASTRUCTURE ENGINEERING CORPORATION FOR DESIGN AND SPECIFICATIONS OF THE JONES ROAD SEWER EXTENSION PROJECT**

SYNOPSIS

Staff recommends that the City Council approve a professional services agreement in an amount not to exceed \$49,612 with Infrastructure Engineering Corporation of Oceanside for the design of the Jones Road Sewer Extension project; and authorize the City Manager to execute the agreement.

BACKGROUND

Due to proposed business expansion and development in the Roymar Industrial Park, the city has determined a need to increase the sewer capacity in this area. The existing 10-inch sewer that currently services this area is unable to handle the proposed flows. The City is proposing to install a new 15-inch sewer connecting at the existing Roymar lift station then heading north through City-owned property and continuing along Jones Road; abandonment of the decommissioned wet well and manhole; and manhole rehabilitation as necessary. The total length of the project will be approximately 1200 lineal feet.

ANALYSIS

On June 16, 2009, a Request for Proposal (RFP) was sent to thirteen consultant engineering firms, including the eight Oceanside firms, to prepare the Jones Road Sewer Extension project design and specifications (Exhibit A).

On July 2, 2009, the Water Utilities Department received proposals from four consulting firms. In accordance with the City's procedure, a panel was selected to evaluate the proposals. The panel unanimously recommended Infrastructure Engineering Corporation as the best-qualified firm to provide the engineering design services (Exhibit B).

FISCAL IMPACT

The Miscellaneous Water Projects fund (908824000712) has an available balance of \$761,504. The total cost to design the project is \$49,612. Therefore, adequate funds are available for the project.

Staff will be evaluating the possibility of localized impact fees in areas of future development that are not currently accounted for in the Water Utilities Master Plan.

CITY ATTORNEY'S ANALYSIS

The referenced documents have been reviewed by the City Attorney and approved as to form.

INSURANCE REQUIREMENTS

The City's standard insurance requirements will be met.

RECOMMENDATION

Staff recommends that the City Council approve a professional services agreement in an amount not to exceed \$49,612 with Infrastructure Engineering Corporation of Oceanside for the design of the Jones Road Sewer Extension project; and authorize the City Manager to execute the agreement.
