

# Oceanside Fire Department October 2011 Activity

**Total Oceanside Unit Responses: 3,087**  
**Total Incidents: 1,453**

Actual Fire Incidents				Total Transports			
Property Value	Property Loss	Contents Value	Content Loss	Oceanside Transports (In City/Out of City)	JPA Unit Transports Out of Oceanside	Aircraft EMS	Private Ambulance
\$820,200	\$170,700	\$172,825	\$174,325	471/71	153	9	5

OFD Responses Total: 1,453		Nature Of Incident	Average Turnout Time	Average Response Time 1 <sup>st</sup> On Scene	First Unit On Scene < 6 min	Second Unit On Scene Average
EMS /Traffic Accident	1223					
Fires	75					
Service	47					
Gas Leak	13	EMS	1:29	5:27	61%	8:08
False Alarms	46	Fire	1:41	5:53	52%	6:25
Other	49	All Urgent Calls	1:29	5:27	61%	8:08

Unit Responses Per Station			
STATION	CALLS	STATION	CALLS
ONE	442	FIVE	161
TWO	137	SIX	391
THREE	217	SEVEN	489
FOUR	462	EIGHT	132

Call Volume per Time of Day							
HOUR	CALLS	HOUR	CALLS	HOUR	CALLS	HOUR	CALLS
0700	44	1300	87	1900	74	0100	33
0800	63	1400	83	2000	57	0200	47
0900	60	1500	104	2100	53	0300	32
1000	94	1600	80	2200	36	0400	35
1100	76	1700	80	2300	54	0500	31
1200	84	1800	72	0000	39	0600	35

Resource Sharing					
Overall Oceanside provided 319 apparatus while receiving 441 units from JPA agencies					
City	Oceanside Responding to Our Neighbors		Neighbors Responding to Oceanside		
	Ambulance	Engine	Ambulance	Engine	
Carlsbad	44	58	161	77	
Vista	101	116	112	91	
<b>Total</b>	<b>145</b>	<b>174</b>	<b>273</b>	<b>168</b>	

## RESOURCE DRAWDOWN

The following tables represent the number of occurrences throughout the month where multiple Engine Companies (includes engines and trucks) and Ambulances are assigned to a call at the same time. For example, there were 583 individual instances in October where 2 Engine Companies were both assigned to a call at the same time at any given point during the month.

2 Engines	583	2 Ambulances	525
3 Engines	248	3 Ambulances	243
4 Engines	96	4 Ambulances	52
5 Engines	50		
6 Engines	20		
7 Engines	4		
8 Engines	2		

## TRAINING & PUBLIC EVENTS

**Pub-Ed, Station Visits, School Visit, Ride-alongs:** The OFD participated in 18 outreach programs in October. Station visits, school site visits and other public education programs are a key element to our fire prevention program.

**Multi-Company Training-Low Angle Rope Rescue:** All members and crews participated in a multi-company drill at various locations throughout the city.. Crews simulated a low angle rope rescue and performed all extrication drills accordingly.

**TriData Meetings:** Representatives from TriData visited the city and fire department in October. TriData spent three days with fire department personnel and visited the stations, training facility, dispatch center and other key areas of the city that impact the fire department. TriData also met individually with every member of the executive staff to learn more about what the OFD does and how we operate.

**Dog Bite Awareness:** Personnel attended a dog bite awareness class at the Fire Training Center. OFD personnel often encounter dogs when entering residences for emergency calls. This class provided some techniques and information on the best practices in dealing with aggressive dogs and how to avoid dog bites.

**GIS Training:** Personnel went to a county course provide by NOAA in GIS (Geographic Information System) mapping technologies. OFD Personnel learned how to create maps for a multitude of uses, including evacuation areas, flood zones and fire areas.

**Annual Hose Testing:** Crews have been rotating through the FTC to perform annual hose testing. It is an OSHA requirement that all fire hose must be tested on an annual basis. Hoses are filled with water to a specified pressure and then inspected for any leaks, cracks or faulty couplings.

**Palomar Academy:** OFD personnel and reserve apparatus assisted in Palomar Fire Academy's ongoing training in San Marcos.
