SUBJECT: **ACCEPTANCE OF FUNDS IN THE AMOUNT OF \$428,000 FROM THE LAND AND WATER CONSERVATION FUND GRANT PROGRAM FOR THE DEVELOPMENT OF ALEX ROAD SKATEPARK; AUTHORIZATION FOR THE CITY MANAGER TO EXECUTE THE GRANT AGREEMENT AND SIGN ALL ASSOCIATED GRANT DOCUMENTS; APPROVAL OF PLANS AND SPECIFICATIONS FOR THE ALEX ROAD SKATEPARK PROJECT AND AUTHORIZATION TO BID THE PROJECT**

SYNOPSIS

Staff recommends that the City Council accept funds in the amount of \$428,000 from the Land and Water Conservation Fund (LWCF) grant program awarded to the City of Oceanside for the development of Alex Road Skatepark; authorize the City Manager to execute the grant agreement and sign all associated grant documents; approve the plans and specifications for the Alex Road Skatepark project; and authorize the City Engineer to call for bids.

BACKGROUND

The LWCF is a federal assistance program that provides funds in support of acquisition and development of quality recreation facilities at the local level and statewide. Within the State of California, the Department of Parks and Recreation is authorized to administer the program. The congressional intent of the LWCF is for applicants and the California Department of Parks and Recreation to cooperatively acquire, develop, and maintain outstanding properties in perpetuity for outdoor recreation purposes.

During the summer of 2006, staff, in conjunction with the Youth Commission and Parks and Recreation Commission's Skatepark Ad Hoc Committee, hosted community outreach meetings soliciting input on proposed skatepark sites. Based on community input, staff, with support of the Skatepark Ad Hoc Committee, made the recommendation to develop smaller skateparks at Melba Bishop Park (Bishop Park), Martin Luther King Jr. Park (MLK Park) and the Alex and Foussat Road site (Alex Road), with the future goal to renovate Landes and Libby Lake Skateparks, find a

coastal skatepark location, and provide a comprehensive skatepark as part of the El Corazon development

On November 15, 2006, City Council approved the site selection for the development of neighborhood-based skateparks at Bishop, MLK, and the Alex Road site.

On April 4, 2007, City Council approved a professional services agreement with Grindline Skateparks, Inc., for design of Bishop Park, MLK Park and the Alex Road site.

In January 2009, both MLK and Bishop Skateparks were open to the public. The Alex Road Skatepark plans were completed to solicit grant opportunities.

On October 20, 2010, the City Council authorized staff to apply to the LWCF grant program for the Alex Road Skatepark project in the amount of \$400,000. In March 2012, the City received a contract award for the LWCF grant program in the amount of \$428,000.

ANALYSIS

One major outcome of the skatepark community process was the understanding of the large skateboarding population within Oceanside. The Skatepark Committee made recommendations to the City Council based on the population size and the community's need, hence, the design and development of three new skateparks within Oceanside. The development of the Alex Road Skatepark is anticipated to reduce the significant user levels at the MLK and Bishop Parks. Alex Road will provide a complete skateboarding venue for all residents and complete a major milestone in the planned skatepark system.

Alex Road Skatepark is located on the northwest corner of Alex Road and Foussat. The 22,700-square-foot concrete skatepark has been designed to include transition features such as "bowls" and "snake runs", and a "street" area featuring banks, rails and ledges. The design also includes viewing areas to accommodate spectators, fencing treatments and a biological buffer area between the skatepark and the San Luis Rey River Trail (Attachment A).

The LWCF grant program is one of the few funding opportunities available to the City for a skatepark. In fact, this is the first LWCF grant awarded to a skatepark project. Should funds not be accepted, the project would cease. Should the funds be accepted and the project not approved, not only would the funds be lost but the City's status with the California Department of Parks and Recreation Grants Office as well as the National Park Service would be jeopardized for future funding of any project for which the City seeks funding.

The LWCF grant program requires the City to enter into a Memorandum of Unrecorded Grant Agreement to be kept as a permanent record in the City's public property records declaring that the property has restrictions due to the LWCF contract. The property

cannot be converted to other than public outdoor recreation use without the written approval of the Secretary of the Interior.

The project is anticipated to start construction January 2013 with completion in late summer 2013. Operations and maintenance of the skatepark facility will require funds to be budgeted in Fiscal Year 2013-14. Staff will be releasing a request for proposals for a Skatepark Sponsor in FY 12-13 to solicit funds to cover costs of maintaining the park.

FISCAL IMPACT

The estimated construction cost for the Alex Road Skatepark project is approximately \$850,000. The LWCF grant program is federally funded and will require prevailing wages on the project regardless of the City's Charter status.

The grant allocation to the project itself is \$400,000. The additional \$28,000 is a seven percent surcharge that the State will receive for its administrative allocation of the federal funds. The LWCF grant program requires a 50 percent match and will reimburse project costs at a 50 percent rate of reimbursement. Therefore, this will require the City to match (at minimum) the grant at \$428,000 to ensure the City receives its full \$400,000 of reimbursement to the project costs.

As part of the FY 2012-13 CIP Budget, \$5,000 was appropriated to the Alex Road Skatepark project (906127100598). An additional \$500,000 is programmed for the FY 2013-14, which will be appropriated mid-year at the time of the award. An additional \$25,000 in Tony Hawk Grant Funds has been accepted by the City and appropriated to the project (917644500276). The Parks CIP Fund coupled with the Tony Hawk Grant award has sufficient funds to cover the entire \$428,000 match requirement.

A fiscal impact to the General Fund will be realized in FY 2013-14 for the operations and maintenance of the skatepark facility. The anticipated cost to the General Fund for maintenance of the new facility is \$8,000, annually. Staff will be seeking sponsorship of the park to offset the cost of maintenance and operations to be budgeted as revenue in the FY 13-14 budget.

COMMISSION OR COMMITTEE REPORT

The Parks and Recreation Commission recommended the City Council accept the grant funds in the amount of \$428,000 at its regularly scheduled meeting of June 12, 2012.

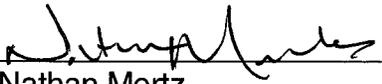

CITY ATTORNEY ANALYSIS

The referenced documents have been reviewed by the City Attorney and approved as to form.

RECOMMENDATION

Staff recommends that the City Council accept funds in the amount of \$428,000 from the Land and Water Conservation Fund (LWCF) grant program awarded to the City of Oceanside for the development of Alex Road Skatepark; authorize the City Manager to execute the grant agreement and sign all associated grant documents; approve the plans and specifications for the Alex Road Skatepark project; and authorize the City Engineer to call for bids.

Part I - Definitions

- A. The term “NPS” or “Service” as used herein means the National Park Service, United States Department of the Interior.
- B. The term “Director” as used herein means the Director of the National Park Service, or any representative lawfully delegated the authority to act for such Director.
- C. The term “Manual” as used herein means the Land and Water Conservation Fund State Assistance Program Manual.
- D. The term “project” as used herein means a Land and Water Conservation Fund grant which is subject to the project agreement and/or its subsequent amendments.
- E. The term “State” as used herein means the State or Territory which is a party to the project agreement, and, where applicable, the political subdivision or public agency to which funds are to be transferred pursuant to this agreement. Wherever a term, condition, obligation, or requirement refers to the State, such term, condition, obligation, or requirement shall also apply to the recipient political subdivision or public agency, except where it is clear from the nature of the term, condition, obligation, or requirement that it is to apply solely to the State. For purposes of these provisions, the terms “State,” “grantee,” and “recipient” are deemed synonymous.
- F. The term “Secretary” as used herein means the Secretary of the Interior, or any representative lawfully delegated the authority to act for such Secretary.

Part II - Continuing Assurances

The parties to the project agreement specifically recognize that the Land and Water Conservation Fund project creates an obligation to maintain the property described in the project agreement and supporting application documentation consistent with the Land and Water Conservation Fund Act and the following requirements. Further, it is the acknowledged intent of the parties hereto that recipients of assistance will use monies granted hereunder for the purposes of this program, and that assistance granted from the Fund will result in a net increase, commensurate at least with the Federal cost-share, in a participant's outdoor recreation. It is intended by both parties hereto that assistance from the Fund will be added to, rather than replace or be substituted for, State and local outdoor recreation funds.

- A. The State agrees, as recipient of this assistance, that it will meet the following specific requirements and that it will further impose these requirements, and the terms of the project agreement, upon any political subdivision or public agency to which funds are transferred pursuant to the project agreement. The State also agrees that it shall be responsible for compliance with the terms of the project agreement by such a political subdivision or public agency and that failure by such political subdivision or public agency to so comply shall be deemed a failure by the State to comply with the terms of this agreement.
- B. The State agrees that the property described in the project agreement and the signed and dated project boundary map made part of that agreement is being acquired or developed with Land and Water Conservation Fund assistance, or is integral to such acquisition or development, and that, without the approval of the Secretary, it shall not be converted to other than public outdoor recreation use but shall be maintained in public outdoor recreation in perpetuity or for the term of the lease in the case of leased property. The Secretary shall approve such conversion only if it is found to be in accord with the then existing comprehensive statewide outdoor recreation plan and only upon such conditions deemed necessary to assure the substitution of other recreation properties of at least equal fair market value and of reasonably equivalent usefulness and location pursuant to Title 36 Part 59.3 of the *Code of Federal Regulations*. This replacement land becomes subject to Section 6(f)(3) protection. The approval of a conversion shall be at the sole discretion of the Secretary, or his designee.

Part II

Prior to the completion of this project, the State and the Director may mutually alter the area described in the project agreement and the signed and dated project boundary map to provide the most satisfactory public outdoor recreation unit, except that acquired parcels are afforded Section 6(f)(3) protection as Fund reimbursement is provided.

In the event the NPS provides Land and Water Conservation Fund assistance for the acquisition and/or development of property with full knowledge that the project is subject to reversionary rights and outstanding interests, conversion of said property to other than public outdoor recreation uses as a result of such right or interest being exercised will occur. In receipt of this approval, the State agrees to notify the Service of the potential conversion as soon as possible and to seek approval of replacement property in accord with the conditions set forth in these provisions and program regulations. The provisions of this paragraph are also applicable to: leased properties acquired and/or developed with Fund assistance where such lease is terminated prior to its full term due to the existence of provisions in such lease known and agreed to by the Service; and properties subject to other outstanding rights and interests that may result in a conversion when known and agreed to by the Service.

- C. The State agrees that the benefit to be derived by the United States from the full compliance by the State with the terms of this agreement is the preservation, protection, and the net increase in the quality of public outdoor recreation facilities and resources which are available to the people of the State and of the United States, and such benefit exceeds to an immeasurable and unascertainable extent the amount of money furnished by the United States by way of assistance under the terms of this agreement. The State agrees that payment by the State to the United States of an amount equal to the amount of assistance extended under this agreement by the United States would be inadequate compensation to the United States for any breach by the State of this agreement. The State further agrees, therefore, that the appropriate remedy in the event of a breach by the State of this agreement shall be the specific performance of this agreement or the submission and approval of a conversion-of-use request as described in Section II.B above.
- D. The State agrees to comply with the policies and procedures set forth in Manual. Provisions of said Manual are incorporated into and made a part of the project agreement.
- E. The State agrees that the property and facilities described in the project agreement shall be operated and maintained as prescribed by Manual requirements and published post-completion compliance regulations (Title 36 Part 59 of the *Code of Federal Regulations*).
- F. The State agrees that a permanent record shall be kept in the participant's public property records and available for public inspection to the effect that the property described in the scope of the project agreement, and the signed and dated project boundary map made part of that agreement, has been acquired or developed with Land and Water Conservation Fund assistance and that it cannot be converted to other than public outdoor recreation use without the written approval of the Secretary of the Interior.
- G. Nondiscrimination
1. By signing the LWCF agreement, the State certifies that it will comply with all Federal laws relating to nondiscrimination as outlined in the Civil Rights Assurance appearing at Part III-I herein.
 2. The State shall not discriminate against any person on the basis of residence, except to the extent that reasonable differences in admission or other fees may be maintained on the basis of residence as set forth in the Manual.

Part III - Project Assurances

2. The State shall transfer to the project sponsor identified in the Application for Federal Assistance or the Description and Notification Form all funds granted hereunder except those reimbursed to the State to cover eligible administrative expenses.
3. The State will cause work on the project to be commenced within a reasonable time after receipt of notification that funds have been approved and assure that the project will be prosecuted to completion with reasonable diligence.
4. The State will require the facility to be designed to comply with the Architectural Barriers Act of 1968 (Public Law 90-480) and DOI Section 504 Regulations (43 CFR Part 17). 9. The State will comply with the provisions of: Executive Order 11988, relating to evaluation of flood hazards; Executive Order 11288, relating to the prevention, control, and abatement of water pollution, and Executive Order 11990 relating to the protection of wetlands.
10. The State will comply with the flood insurance purchase requirements of Section 102(a) of the Flood Disaster Protection Act of 1973, Public Law 93-234, 87 Stat. 975, approved December 31, 1976. Section 102(a) requires the purchase of flood insurance in communities where such insurance is available, as a condition for the receipt of any Federal financial assistance for construction or acquisition purposes, for use in any area that has been identified as an area having special flood hazards by the Flood Insurance Administration of the Federal Emergency Management Agency. The phrase "Federal financial assistance" includes any form of

Part II

loan, grant, guaranty, insurance payment, rebate, subsidy, disaster assistance loan or grant, or any other form of direct or indirect Federal assistance.

11. The State will assist the NPS in its compliance with Section 106 of the National Historic Preservation Act of 1966 as amended (16 U.S.C. 470), Executive Order 11593, and the Archaeological and Historic Preservation Act of 1966 (16 U.S.C. 469a-1 et seq.) by (a) consulting with the State Historic Preservation Officer on the conduct of investigations, as necessary, to identify properties listed in or eligible for inclusion in the National Register of Historic Places that are subject to effects (see CFR Part 800.8) by the activity, and notifying the Federal grantor agency of the existence of any such properties, and by (b) complying with all requirements established by the Federal grantor agency to avoid or mitigate adverse effects upon such properties.
12. The State will comply with "Minority Business Enterprises" and "Women's Business Enterprises" pursuant to Executive Orders 11625 and 12138 as follows:
 - (1) Place minority and women business firms on bidder's mailing lists.
 - (2) Solicit these firms whenever they are potential sources of supplies, equipment, construction, or services.
 - (3) Where feasible, divide total requirements into smaller needs, and set delivery schedules that will encourage participation by these firms.
 - (4) The Department of the Interior is committed to the objectives of this policy and encourages all recipients of its grants and cooperative agreements to take affirmative steps to ensure such fairness. The National Park Service Regional Offices will work closely with the States to ensure full compliance and that grant recipients take affirmative action in placing a fair share of purchases with minority business firms.

3. State and local governments are authorized to substitute copies in lieu of original records.
4. The Secretary of the Interior and the Comptroller General of the United States, or any of their duly authorized representatives, shall have access to any books, documents, papers, and records of the State and local governments and their subgrantees which are pertinent to a specific project for the purpose of making audit, examination, excerpts and transcripts.

F. Project Termination

1. The Director may temporarily suspend Federal assistance under the project pending corrective action by the State or pending a decision to terminate the grant by the Service.
2. The State may unilaterally terminate the project at any time prior to the first payment on the project. After the initial payment, the project may be terminated, modified, or amended by the State only by mutual agreement.
3. The Director may terminate the project in whole, or in part, at any time before the date of completion, whenever it is determined that the grantee has failed to comply with the conditions of the grant. The Director will promptly notify the State in writing of the determination and the reasons for the termination, together with the effective date. Payments made to States or recoveries by the Service under projects terminated for cause shall be in accord with the legal rights and liabilities of the parties.

Part II

4. The Director or State may terminate grants in whole, or in part at any time before the date of completion, when both parties agree that the continuation of the project would not produce beneficial results commensurate with the further expenditure of funds. The two parties shall agree upon the termination conditions, including the effective date and, in the case of partial termination, the portion to be terminated. The grantee shall not incur new obligations for the terminated portion after the effective date, and shall cancel as many outstanding obligations as possible. The NPS may allow full credit to the State for the Federal share of the noncancelable obligations, properly incurred by the grantee prior to termination.
5. Termination either for cause or for convenience requires that the project in question be brought to a state of recreational usefulness agreed upon by the State and the Director or that all funds provided by the National Park Service be returned.

G. Lobbying with Appropriated Funds

The State must certify, for the award of grants exceeding \$100,000 in Federal assistance, that no Federally appropriated funds have been paid or will be paid, by or on behalf of the State, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding, extension, continuation, renewal, amendment, or modification of this grant. In compliance with Section 1352, title 31, U.S. Code, the State certifies, as follows:

The undersigned certifies, to the best of his or her knowledge and belief, that:

If any real property or structure thereon is provided or improved with the aid of Federal financial assistance extended to the Applicant by the Department, this assurance shall obligate the Applicant, or in the case of any transfer of such property, any transferee, for the period during which it retains ownership or possession of the property. In all other cases, this assurance shall obligate the Applicant for the period during which the Federal financial assistance is extended to it by the Department.

THIS ASSURANCE is given in consideration of and for the purpose of obtaining any and all Federal grants, loans, contracts, property, discounts or other Federal financial assistance extended after the date hereof to the Applicant by the Department, including installment payments after such date on account of applications for Federal financial assistance which were approved before such date.

The Applicant recognizes and agrees that such Federal financial assistance will be extended in reliance on the representations and agreements made in this assurance, and that the United State shall have the right to seek judicial enforcement of this assurance. This assurance is binding on the Applicant, its successors, transferees, assignees, and subrecipients and the person whose signature appears on the grant agreement and who is authorized to sign on behalf of the Applicant.
