

STAFF REPORT**CITY OF OCEANSIDE**

DATE: February 26, 2013

TO: Chairman and Members of the Housing Commission

FROM: Neighborhood Services Department

SUBJECT: PUBLIC HOUSING AGENCY (PHA) PLAN

SYNOPSIS:

Staff recommends that the Housing Commission recommend that the Community Development Commission (CDC) adopt a resolution approving submission of the 2013-2014 Annual Public Housing Agency (PHA) Plan to the Department of Housing and Urban Development (HUD) with the inclusion of changes made to the PHA Plan as a result of public comments.

BACKGROUND:

The CDC currently administers the Section 8 Housing Choice Voucher Program; the program provides rental assistance benefits to approximately 1,600 low-income Oceanside households. HUD established a requirement for PHAs to submit PHA plans beginning in Federal Fiscal Year 2000. This plan is the Annual Plan for 2013-2014. The Five-Year Plan for 2010-2015 was submitted in April 2010. PHAs are required to submit both a five-year plan outlining the agency's mission and goals, and a one-year plan highlighting the agency's operations, programs and services. Housing authorities that operate Section 8 Housing Choice Voucher (HCV) Programs are permitted to submit streamlined plans to HUD. Streamlined plans require limited information to be submitted to HUD; other information must be available for public review.

The CDC enrolls up to 100 HCV participants in the Family Self-Sufficiency (FSS) Program. Families in the program execute a contract that specifies goals and services; the contract requires that all members become independent of welfare and maintain suitable employment. FSS Coordinators ensure that the program participants are linked to the supportive services they need to achieve self-sufficiency. The CDC is required to develop a FSS Action Plan, which guides the FSS Program operations. Any revisions to the FSS Action Plans must be included in the PHA's Annual Plan.

ANALYSIS:

Federal regulations require that a Resident Advisory Board (RAB) participate in the planning process and assist and make recommendations regarding the PHA Plan. Three voucher participants volunteered to serve on the RAB. The RAB met on November 14, 2012. PHAs are required to consider the RAB's recommendations to the Plan, but are not required to agree with them. The RAB was asked to submit recommendations and comments regarding the draft PHA Plan. Any comments submitted by the RAB will be addressed in the Annual Plan submitted to HUD. Two recommendations have been received. The first recommendation was to, "write rules re: how to reduce program participation due to reduction in funding." The second recommendation was, "review all procedures with an eye toward online forms completion for program participants."

Staff is in the process of revising the administrative plan to include a section on termination of Housing Assistance Payments Contracts and vouchers in the event that there is insufficient funding. Staff has also formed a committee that is looking at various technologies that could improve efficiencies; online forms completion for program participants will be evaluated in the future.

PHAs are required to conduct a Public Hearing after a forty-five day comment period. The Public Hearing will be conducted at the March 13, 2013, CDC meeting. HUD regulations require approval of the Plans by the CDC. The draft Plan has been made available for review at the Neighborhood Services Department offices and on the City's website. Public comment will be requested through an advertisement in the local newspaper. The City is required to consider written comments, as well as those comments made at the Public Hearing.

The PHAs goals and objectives are identified on page one of the previously approved 2010-2015 plan. The primary goal of the program is to assist as many households as possible with the funding provided. The PHA achieved a 99.3 percent unit utilization rate for Calendar Year 2012.

The PHA Plan elements that have been revised since the last Annual Plan submissions are addressed on page one of the plan. Projected financial resources are uncertain at this time due to the possibility of sequestration, which would entail an estimated 6.1 percentage decrease in funding for domestic programs, including Section 8. If funding is determined with the same formula as in Calendar Year 2012, funding is expected to increase to \$15,314,082 in Calendar Year 2013. Under the current funding formula, there would be sufficient HAP revenues to support all vouchers.

As the Family Self-Sufficiency Program Action Plan has not been revised for many years, the following changes are recommended by staff.

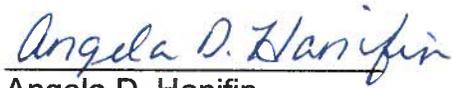

- Participant households with active FSS contracts transferring their Section 8 assistance to Oceanside will have a preference to participate in Oceanside's FSS Program over non-FSS households. (page 4)
- Individuals who have successfully completed a FSS Contract of Participation and received escrow funds of \$5,000 or less may be allowed to enroll in FSS a second time at the discretion of the PHA. (page 5)

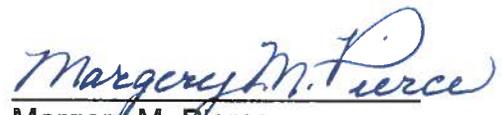

RECOMMENDATION:

Staff recommends that the Housing Commission recommend that the Community Development Commission (CDC) adopt a resolution approving submission of the 2013-2014 Annual Public Housing Agency (PHA) Plan to the Department of Housing and Urban Development (HUD) with the inclusion of changes made to the PHA Plan as a result of public comments.

ATTACHMENT TO ANNUAL PHA PLAN FOR 2013-14

The City of Oceanside Community Development Commission (CDC), the Housing Authority, complies with VAWA and has advised staff of outside resources available to child and adult victims of domestic violence, dating violence, sexual assault or stalking. Staff has been directed to provide referrals to outside agencies that provide such services, including the Women's Resource Center, which is located in Oceanside and provides domestic violence services in the Housing Authority service area.

The PHA provides information about VAWA to new voucher participants at the program briefing. In addition, information about VAWA is available in the PHA lobby and on the PHA website. CITY OF OCEANSIDE PHA PLAN 2005-2010

REPORT ON PROGRESS IN MEETING GOALS FROM THE PREVIOUS PHA PLAN 2005-2010

HUD Strategic Goal: Increase the supply of assisted housing
PHA Goal: Expand the supply of assisted housing

Objective: Apply for additional rental vouchers

HUD funding was significantly reduced during the five-year period. The PHA applied for funding for Family Unification Program vouchers in 2008 and 2009. These were the only vouchers that the PHA was eligible to apply for during this period. The funding application submitted in 2008 was denied. HUD will notify PHAs on funding for the 2009 application in June or July 2010.

PHA Goal: Improve the quality of assisted housing

Objective: Improve voucher management (SEMAP score): Maintain High Performer status
SEMAP ratings were as follows annually:

2005-06: Standard Performer	2006-07 High Performer
2007-08 High Performer	2008-09 High Performer

Objective: Increase customer satisfaction:

- 1. The OHA shall publish an annual newsletter for Section 8 tenants, which will provide updates regarding staffing and program changes, community resources and new tenant/landlord law information.** This goal was not accomplished due to limited staff time. However, participants were advised when new Housing Specialists were assigned to them. In addition, staff provided written notice to all participants of their rights under VAWA (Violence Against Women Act). Staff is currently providing information on tenant's rights during foreclosures in all participant's recertification packets.
- 2. The OHA shall publish participant and owner handbooks to provide detailed information by December 31, 2005.** Both handbooks have been completed, but have not been published or distributed yet.
- 3. The OHA shall develop a method to provide more detailed information about how the portion of rent is calculated by June 30, 2006.** The OHA implemented new software with this capability in April 2008. At this time, the OHA has opted to send out detailed rent calculation information only upon request of the participant.

PHA Goal: Increase assisted housing choices

Objectives:

Provide voucher mobility counseling: The OHA shall provide voucher counseling at all briefings, intakes and move appointments. New voucher holders are provided lists of available units in all areas of the City, as well as contact information for property management companies that lease units throughout the City. These lists are also available in the lobby of the OHA offices. Voucher holders are also advised of their ability to "port" or transfer their voucher anywhere in the United States.

Conduct outreach efforts to potential voucher landlords: The OHA provides an Owner folder to prospective landlords explaining the program and inviting them to contact the Supervising Housing Specialist should they have any questions. All OHA staff are trained to explain the program benefits to prospective landlords.

Implement voucher homeownership program: The OHA shall administer a HCV Homeownership program. Eighteen Section 8 households purchased homes under the Voucher Homeownership option during the five-year period.

HUD Strategic Goal: Promote self-sufficiency and asset development of families and children:

PHA Goal: Promote self-sufficiency and asset development of assisted families

Objectives: Increase the number and percentage of employed persons in assisted families: The OHA shall continue to operate a Family Self-Sufficiency Program with 100 participants. The FSS Program continues to assist up to 100 participants. During Calendar Year 2009, the program assisted 100 participants. The program had nine graduates in 2009. The average earned income increase of the graduates was \$25,983. One participant no longer needed her TANF grant (\$7,248 annually) as a result of her earned income increase. The Housing Authority saved an average HAP of \$781 for the graduates. Two of the graduates became HCV homeowners. The Housing Authority disbursed \$100,195 in escrow funds to this year's graduates resulting in approximately \$11,133 per FSS household.

Provide or attract supportive services to improve assistance recipients' employability: OHA staff have collaborated with the North County Career Center and the North County Job Developer's group to be aware of job services available to participants and have shared this information with participants.

Provide or attract supportive services to increase independence for the elderly or families with disabilities. The OHA continued to collaborate with agencies that assist the elderly or persons with disabilities, including Community Interface and the Access Center.

The OHA shall provide written information about community resources to new participants at briefings including social service agencies, utility programs for low-income households and recycling information. This goal has been achieved.

HUD Strategic Goal: Ensure equal opportunity in Housing for all Americans

PHA Goal: Ensure Equal opportunity and affirmatively further fair housing

Objective: Undertake affirmative measures to ensure access to assisted housing regardless of race, color, religion, national origin, sex, familial status, and disability. Fair Housing information is provided at all briefings. The City Contracts with North County Lifeline to provide fair housing services. The OHA provides reasonable accommodations to persons with disabilities.

FAMILY SELF-SUFFICIENCY PROGRAM ACTION PLAN

INTRODUCTION

The City of Oceanside Community Development Commission, hereinafter referred to as the PHA, implemented the Family Self-Sufficiency Program (FSS) in 1995 with 50 slots. Since that time the FSS program increased in size to 100 slots. The FSS program is a voluntary program designed to promote economic self-sufficiency and is offered to all individuals under lease with the PHA. The program combines housing assistance with education, job training and supportive services to help residents find full-time employment. The FSS program is designed to assist families in becoming economically independent through the cooperative efforts of rental assistance and supportive services. The PHA has created and implemented the FSS program to meet this goal.

The PHA will select FSS participants from the established waiting list in accordance with section 8 Federal preferences and Local priorities as outlined in the HUD approved Administrative Plan.

BACKGROUND

The Cranston-Gonzales National Affordable Housing Act of 1990, Section 554, enacted the Family Self-Sufficiency (FSS) Program, which is implemented by the Department of Housing and Urban Development (HUD). This Act set a new direction for Public Housing Authorities (PHAs) across the country.

The Quality Housing and Work Responsibility Act (QHWRA) of 1998 made several changes related to admission and occupancy requirements of Section 8 assisted housing. Section 509 of the QHWRA amended Section 23 of the 1937 Affordable Housing Act to make several changes related to the FSS Program, which became effective October 21, 1998. Section 509 provided that the mandatory minimum FSS Program size will not increase when a PHA receives incremental Section 8 funding and allowed PHAs to reduce their mandatory minimum FSS Program size obligation as families successfully complete their FSS Contracts of Participation (CoP). As of June 30, 2012, the PHA had a mandatory minimum program size of 7 vouchers.

The PHA will maintain a Family Self-Sufficiency Program of at least one hundred (100) families who volunteer to strive for economic independence from governmental financial subsidies within a five year contractual period. The PHA can extend the term of the contract up to 2 years if the family gives the PHA a written request for an extension and the PHA finds that good cause exists for the extension, the FSS Program will be available to families currently assisted under the Section 8 HCV Program. The FSS Program coordinates existing public and private sector resources and integrates them into individualized personal development plans for participants who need comprehensive and coordinated assistance in becoming economically independent.

PURPOSE OF FAMILY SELF-SUFFICIENCY PROGRAM

The purpose of the FSS Program is to promote the development of local strategies to coordinate the use of assistance under the Housing Choice Voucher Program (HCV) with public and private resources to enable participating families to increase earned income, reduce or eliminate the need for welfare assistance, and make progress toward economic independence and self-sufficiency. The FSS program and this FSS Action Plan support HUD's strategic goal of helping HUD-assisted renters make progress toward self-sufficiency. The FSS program provides critical tools that can be used to support welfare reform and help families in our

community to develop new skills that will lead to economic self-sufficiency. As a result of their participation in our FSS program, many families have the opportunity to achieve stable, well-paid employment. Specific objectives include:

- ❖ Developing local strategies that coordinate local resources to deliver effective services that support low-income families in achieving economic independence.
- ❖ Stabilizing housing assistance and providing escrow accounts for participating families to allow them to make the transition to private and unsubsidized market housing.
- ❖ Providing escrow accounts for participating families to allow them to make the transition to private market housing, and
- ❖ Documenting and sharing experiences that are associated with implementing and operating the Family Self-Sufficiency program as a way to better serve participating families.

FAMILY DEMOGRAPHICS:

As of October 16, 2012, approximately 1631 families participate in the City of Oceanside Section 8 Housing Choice Voucher program.

Of this total, 89 families currently participate in the FSS program. Ninety-one percent of these are female-headed households.

Federal regulations require that this action plan include demographics of the families expected to participate in the FSS program. The following demographics include the 89 families who are currently on the FSS program, as well as all families that participate in the City of Oceanside HCV program, who may currently or in the future be able to participate in the FSS program. The determination of which families to include as expected to participate was made through an analysis of every family on our HCV program. We have included as expected to participate all families in which the head of household is elderly or disabled, as well as families with disabled members who also have adult members who work, have current employment history, and/or are pursuing higher education. Although every HCV participant in the City of Oceanside is offered participation in the FSS program, then following is a description of the characteristics of families who can reasonably be expected to participate in the FSS program.

Of the 1631 families participating in the City of Oceanside HCV Program, approximately 11 families can reasonably be counted as potential FSS participants, with an additional 89 families currently participating in FSS. This totals approximately 100 families that can be expected to participate in FSS.

Race:

Of the 89 families that are currently participating in FSS, they have identified themselves or their children in the following racial categories:

White: 50 individuals
American Indian/Alaska Native: 2 individuals
Black/African American: 31 individuals
Asian: 2 individuals
Native Hawaiian/Other Pacific Islander: 4 individuals

Ethnicity:

Twenty-eight individuals identified themselves or their children as Hispanic.
Sixty-one individuals identified themselves or their children as non-Hispanic.

Age:

This category relies not on self-certification but on birth certificates. The following is a breakdown by age of the members of the 89 families currently participating in FSS.

Age zero to ten years: 76 individuals
Age eleven to twenty years: 138 individuals
Age twenty-one to thirty years: 25 individuals

Supportive Service Needs:

The families expected to participate in FSS have a variety of supportive service needs; the following are needs commonly expressed by current and former FSS families:

- Homeownership counseling
- Credit repair/counseling
- Post-secondary education or vocational training
- Child care
- Mental Health or substance abuse counseling
- Household skills training

In addition, some of the potential FSS families who identify themselves as Hispanic may require classes in English in order to reach their full earning and self-sufficiency potential.

NEEDS AND SERVICES

In order to address the problems and needs of FSS Program participants, a number of community resources aimed at the goal of self-sufficiency will be made available. The services offered to the participants will be provided within the parameters and guidelines of all participating agencies. The program will consist of some of the following components, as well as other components yet to be determined by the self-sufficiency participants:

- * Education:
- * Job Counseling:
- * Job Placement:

- * Housing Assistance: The PHA will counsel each participant with regard to housing opportunities and give assistance with individual housing needs. Counseling will include development of a strategy for housing independence.

Additional needs to be addressed as the family's progress through the FSS program will be determined by FSS participants.

PROCESS OF PARTICIPATION

Selection Procedures

To be eligible for the FSS Program, potential applicants must be current HCV Program participants, reside within the PHA's jurisdiction and have full-time employment goals. Selection of the participating families will be made from current HCV Program participants without regard to race, religion, color, sex, handicap, age, family status or national origin.

Screening Process

1. When a HCV participant expresses interest in applying to the FSS program, a letter along with an FSS Intake Form is sent. The FSS applicant shall have two weeks to respond to the letter and schedule an appointment (form requests more specific information regarding goals, barriers, education, work experience, and times and days applicant is available for appointment). If the FSS applicant fails to complete and return the form within the allotted time, the application to FSS is withdrawn and the HCV participant must re-apply if interested.
2. At the scheduled appointment, the FSS Coordinator will give an in-depth explanation of the FSS Program, including intake form, and the responsibilities of both the Head of Household and the PHA.
3. At the conclusion of the interview, the FSS Coordinator may assign tasks that consist of attendance at one informational meeting, and follow-up on appropriate referrals for child care, transportation, job training programs and other job related needs. Screening will consist only of referrals that measure the family's interest and willingness to participate in the FSS program and which may be readily achievable by the family, based on the family members' educational level, and disabilities, if any.

Waiting List

Depending on available space in the FSS program, applicants may be placed on a waiting list, and selected in the order that they expressed an interest in the FSS Program. Port-ins with an active FSS CoP will have a preference.

Portability

FSS families in good standing with the initial Housing Authority will be allowed to participate in the City of Oceanside's FSS program. The City of Oceanside will make every attempt to absorb the family as soon as possible. Upon absorption, the FSS Coordinator will contact the exporting FSS Coordinator and provide a copy of the newly executed CoP/ITSP of the incoming family and contact information where the escrow funds held on behalf of that family should be transferred.

Non-FSS families in good standing with the initial Housing Authority who wish to participate in the City of Oceanside's FSS program will be enrolled. The City of Oceanside will make every attempt to absorb the family as soon as possible.

Outgoing FSS families, who fail to execute a CoP with the receiving PHA's FSS program within 6 months of availability, will forfeit the escrow funds.

Repeat Participants

Any Family who has previously participated in the FSS program and completed the CoP with release of Escrow will be ineligible to participate in the FSS program again.

Individuals, who have successfully completed the FSS CoP and received escrow funds of \$5,000 or less, may be allowed to enroll in FSS a second time at the discretion of the PHA.

Any family who voluntarily terminates their CoP for good cause will be allowed a second opportunity to participate in the FSS program. However, the Family must make new application to the Program and their enrollment will not be "fast-tracked."

Any Family that was terminated from the FSS program for cause may be allowed a second opportunity to participate in the FSS program at the PHA's discretion. These families will be asked to submit a written statement explaining changes in circumstances that will allow them to succeed if given a second chance.

Incentives

HCV Program participants are offered a myriad of incentives for FSS participation. In addition to the HUD mandated Escrow Account Program, the FSS Program offers:

- One-on-one career/education counseling sessions with PHA staff or other resources where available
- Referrals to life and job skills workshops
- Homeownership education referrals
- Budget and credit counseling and referrals
- Preference for HCV homeownership when available

Outreach Efforts

Outreach for the FSS program and recruitment of FSS participants is conducted at each HCV participant's annual reexamination, as well as through FSS orientation meetings. Every HCV family is notified of and invited to these meetings by mail. These outreach efforts to every HCV family ensure that each family is informed about the FSS program, regardless of age, disability or minority status.

Activities and Supportive Services

In order to address the problems and needs of FSS Program participants, a number of community resources aimed at the goal of self-sufficiency will be made available. The services offered to the participants will be provided within the parameters and guidelines of all participating agencies. The program will consist of some of the following components, as well as other components yet to be determined by the self-sufficiency participants:

- Child Care
- Job Counseling
- Basic remedial education
- Job skills training
- Case management

- Money management counseling referrals
- Homeownership education

Additional needs to be addressed as the family's progress through the FSS program will be determined by family self-sufficiency participants. All families may receive supportive services based on the resources available to the FSS Program.

Contract of Participation

Each family that is selected to participate in an FSS program must enter into a contract of participation with the PHA. The Contract of Participation (CoP) shall be signed by the head of the FSS family.

The CoP and Individual Training and Services Plan, (ITSP) shall be in the form prescribed by HUD, and shall set forth the principal terms and conditions governing participation in the FSS program, including the rights and responsibilities of the FSS family and of the PHA, the services to be provided to, and the activities to be completed by, the head of the FSS family and each adult member of the family who elects to participate in the program.

Individual Training and Services Plan

The ITSP shall establish specific interim and final goals by which the PHA, and the family, may measure the family's progress towards fulfilling its obligations under the contract of participation, and becoming self-sufficient. For each participating FSS family that is a recipient of welfare assistance, the PHA must establish an interim goal that the family becomes independent from welfare assistance and remain independent from welfare assistance at least twelve consecutive months before the expiration of the term of the contract of participation, including any extension thereof.

Compliance with lease terms

The CoP shall provide that one of the obligations of the FSS family is to comply with the terms and conditions of the Housing Choice Voucher assisted lease. This includes non-payment and late payments of the tenant share of rent.

Employment Obligation

The head of the FSS family shall be required under the CoP to seek and maintain suitable employment during the term of the contract and any extension thereof. Although other members of the FSS family may seek and maintain employment during the term of the contract, only the head of the FSS family is required to seek and maintain suitable employment in order for the family to be eligible for completion of the FSS CoP. The HA has determined that suitable employment is defined as at least 32 hours per week. These hours can be achieved through more than one source of employment.

The PHA's FSS program will make reasonable accommodations for persons with disabilities upon request and verification of need by a qualified third party. Such reasonable accommodations may include a reduction in what is considered full-time employment or schooling, referrals for assistive technology, and worksite evaluation and other adjustments necessary to make the FSS Program equally accessible. However, accommodations that require change of the basic purpose and intent of the FSS program will not be considered reasonable. The FSS Contract continues to include a requirement that the Head of the FSS family seek and maintain suitable employment throughout the term of the FSS contract, after

appropriate job training. The head of the FSS family is the family member who is the head of household for purposes of determining income eligibility and rent.

Seek Employment

The obligation to seek employment means that the head of the FSS family has documented proof they applied for employment, attended job interviews, and has otherwise followed through on employment opportunities.

- Full-time employment is equal to 32 hours or more a week at the California minimum wage
- Full-time schooling is as identified by the accredited educational institution
- Full-time self-employment is defined as earnings equal to or more than full-time employment at the California minimum wage
- Part-time employment is equal or more than 15 hours per week but not more than 31 hours per week at the California minimum wage
- Employment that is less than 15 hours per week at California minimum wages is not considered in line with the basic purpose and intent of the Family Self-Sufficiency program

A determination of suitable employment shall be made by the PHA based on the skills, education, and job training of the individual that has been designated the head of the FSS family, and based on the available job opportunities within the jurisdiction served by the PHA.

Extensions

The PHA shall, in writing, extend the term of the CoP for a period not to exceed two years for any FSS family that requests, in writing an extension of the contract, provided that the PHA finds that good cause exists for granting the extension. Extensions will be granted in increments of three months at a time and extended based on documented progress within the prior three month extension period. Contract extensions will not be given for the sole purpose of accumulating escrow funds. Extension of the contract; however, will entitle the FSS family to continue to have amounts credited to the family's FSS account.

The family's written request for an extension must include a description of the need for the extension. The family must demonstrate good cause for the extension. "Good cause" may be loss of job due to business closure, serious illness, death of a household member, or additional time needed for a family to get off of Temporary Assistance for Needy Families (TANF) assistance. The family must request an extension in writing and describe the reason that was "beyond their control" that necessitates the extension. The applicant must include in this written request a description and estimated time to complete tasks necessary to reach the final goal within 24 months. Extensions must be requested prior to the CoP end date to be considered.

Lack of Essential Services

If a social service agency fails to deliver the supportive services indicated in member's individual training and services plan, the PHA shall make a good faith effort to obtain these services from another agency.

If the PHA is unable to obtain the services from another agency, the PHA shall reassess the family member's needs, and determine whether other available services would achieve the same purpose. If other available services would not achieve the same purpose, the PHA shall

determine whether the unavailable services are integral to the FSS family's advancement or progress toward self-sufficiency.

If the unavailable services are determined not to be integral to the FSS family's advancement toward self-sufficiency, the PHA shall revise the individual training and services plan to delete these services, and modify the CoP to remove any obligation on the part of the FSS family to accept the unavailable services.

If the unavailable services are determined to be integral to the FSS family's advancement toward self-sufficiency, the PHA shall declare the contract of participation null and void.

Modification of Contract

The PHA and the FSS family must mutually agree to modify the CoP. The CoP may be modified in writing with respect to the individual training and services plans, the contract term (extensions), and designation of the head of the family. Contracts will not be modified within the 90 days of the contract's end date.

Completion of the Contract

The CoP is considered to be completed, and a family's participation in the FSS program is considered to be concluded when one of the following occurs:

1. The FSS family has fulfilled all of its obligations under the contract of participation on or before the expiration of the contract term, including any extension thereof; or
2. Thirty percent of the monthly adjusted income of the FSS family equals or exceeds the published existing housing fair market rent for the size of the unit for which the FSS family qualifies based on the PHA's occupancy standards. The CoP will be considered completed and the family's participation in the FSS program concluded on this basis even though the contract term, including any extension thereof, has not expired, and the family members who have the individual training and services plans have not completed all the activities set for in their plans.

Escrow Account

The HA will establish an escrow account for each participating FSS family. The HA will credit to this account a portion of the increase of rent paid that normally results from increases in the earned income of family members during the term of this contract. The escrow funds will be invested by the HA in an interest bearing savings account and investment income will be credited quarterly to the escrow account.

The amount accrued in the escrow account may be paid to the head of the participating family after:

1. The PHA has determined the participating family has met its obligations under the CoP, including the requirements of each ITSP.

Monies held in escrow for FSS families cannot be used to pay debts owed to the PHA during an active contract.

Interim Withdrawals

Interim withdrawals are made purely at the discretion of the PHA. The PHA may permit the head of the FSS family to withdraw funds from the FSS escrow account before completion of the CoP if:

- The family has completed specific interim goals designated by the PHA
- The requested amount does not exceed 30% of the balance accrued in the FSS escrow account
- The use of said funds is related to an existing ITSP goal and will result in achievement of that goal
- There are no other reasonable resources available in the community to address the need
- An approved financial partner or advisor recommends in writing that use of the funds will make the family “mortgage ready”
- The family has an approved contract for purchase of a home

The PHA will make all payments directly to the provider of the service.

Specific Situations:

Car repairs

The PHA will require:

- Three valid written estimates
- A work guarantee
- Reasonable expectations that the repairs will resolve the transportation issue
- Proof of insurance and registration on the repaired vehicle

Car Purchase

- The car must pass an inspection by a licensed mechanic
- Proof of insurance and registration on the vehicle
- Verification of Bluebook value
- Reasonable expectations that the purchase will resolve the transportation issue

Debt Pay-off

- Copy of credit report verifying the indebtedness
- Names, addresses, account numbers and amounts of debt to be paid
- Written verification that debt requirement has been satisfied

Termination of the Contract

The CoP is automatically terminated if the family's Section 8 assistance is terminated. The CoP may be terminated before the expiration date of the contract term, and any extension thereof, by:

1. Mutual Consent of the parties;
2. The failure of the FSS family to meet its obligations under the CoP without good cause, including failure to comply with the contract when the family has moved outside the jurisdiction of the PHA

Consequences of Noncompliance with Contract

1. Terminate the family's participation in the FSS Program

The CoP may be terminated before the expiration date of the contract term, and any extension thereof, by:

1. Mutual consent of the parties
2. Failure of family to meet contract obligations without good cause
3. Family withdrawal from FSS program
4. Other act deemed inconsistent with the purpose of the FSS program
5. Operation of law

Possible good cause for compliance exceptions under the contract may include any of the following:

- . An assignment, or job referral which is not included in the contract
- . Temporary illness or incapacitation
- . Requirements to appear in court
- . Family crisis, such as the illness or death of a family member

Terminations for Cause

The following are considered reasons to terminate a client from the FSS program:

1. Any client who fails to show for 2 scheduled appointments/workshops consecutively
2. Failure to Meet and Complete Goals - Any client who consistently fails to complete any goals listed within individual ITSP
3. Termination of participation in the FSS Program may occur for any client for reasons outlined and listed within the CoP
4. Housing Choice Voucher Program Termination - Any client who has their HCV Program participation terminated shall be immediately terminated from the FSS Program and any escrow monies will be forfeited
5. Any related new HUD Mandate resulting in changes to CoP and/or CFR
6. Moving from the jurisdiction and not continuing in the FSS program
7. Termination of the contract will result in the forfeiture of any accrued monies in the escrow account.
8. Termination of benefits under the Housing Choice Voucher program will be handled in accordance with the procedures outlined in the Administrative Plan of the Housing Authority.

Terminated Contracts

After an FSS contract has been terminated for non-compliance with FSS requirements, the family MAY be allowed to participate after waiting 24 months, if they can demonstrate to the FSS Coordinator that they are NOW motivated to work towards goals that include employment and freedom from welfare. If the FSS participant and the PHA mutually agree to terminate the Contract of Participation, the HCV participant will be required to wait 12 months before applying to the FSS Program, unless, in unusual circumstances, the Family Self-Sufficiency Coordinator, with approval from the HCV Program Supervisor, has made special arrangements with the family to begin their new FSS contract when they are able to set full-time employment goals or when the family can show good cause for reducing the waiting time.

General Rules For Hearings

1. If the PHA staff determines the need to terminate or withhold the FSS participant's supportive services under the CoP for failing to comply with the terms of the contract, the participant will be afforded an opportunity for an informal hearing before termination of housing assistance payments and other program benefits.
2. All notices of termination will be in writing. The reason for termination will be specifically explained in the notice.
3. All requests for a hearing must be made in writing.
4. The PHA will make a good-faith effort to informally resolve the complaint prior to a scheduled hearing. The participant shall have the right to withdraw, in writing, the request for a hearing at any time prior to the hearing.
