

DATE: May 15, 2013
TO: Honorable Mayor and City Councilmembers
FROM: Property Management Division
SUBJECT: **ADOPTION OF RESOLUTION CONFIRMING THE DIAGRAM AND ASSESSMENTS FOR FY 2013-14 FOR THE DOUGLAS PARK LANDSCAPE MAINTENANCE DISTRICT**

SYNOPSIS

Staff recommends that the City Council adopt a resolution confirming the diagrams and assessments for the Douglas Park Landscape Maintenance District, Assessment District 5-1981, and order the assessments to be levied for FY 2013-14.

BACKGROUND

The Douglas Park Landscape Maintenance District (hereinafter "District") was formed pursuant to the authority granted by the Landscaping and Lighting Act of 1972 of the California Streets and Highways Code. This legislation provided the means to finance the maintenance of landscape improvements within the boundaries of the District.

The FY 2013-14 assessments for the District will be increased by two percent for Douglas Park and two percent for the Vandegrift corridor, Zone A, which is part of the District. This increase was agreed to by a majority of property owners within the District, and as such, a Proposition 218 balloting is not necessary. A comparative summary of the existing and proposed assessments for the District is shown in the fiscal impact portion of this report.

ANALYSIS

The City Council is required to conduct a public hearing regarding the proposed FY 2013-14 assessments to be levied within the District. The public hearing provides all interested persons an opportunity to be heard, either in writing or orally at the public hearing, regarding the renewal and proposed assessments. After consideration of the evidence submitted, the City Council is requested to adopt the resolution for the District confirming the FY 2013-14 diagram and assessment.

The amount of the assessment levied against a parcel is based on benefit unit costs. Benefit units are assigned to each parcel reflecting both land use designation and proximity to District landscaping. The District's total costs, divided by the total benefit

units in the District, determines the assessment per benefit unit. A parcel's assessment is determined by multiplying its assigned number of benefit units by the assessment per benefit unit.

Single-family homes are assessed one benefit unit. An additional 0.1 benefit unit is assessed if the single-family home is adjacent to District landscaping. Condominiums and apartments are assigned 0.8 benefit unit per dwelling.

An itemized outline of costs and the calculation of the average annual assessment per benefit unit are summarized in the attached Engineer's Report, approved on April 17, 2013, and the accompanying exhibits. The report identifies the proposed assessment for each lot and parcel of real property within the District. Exhibit C of the Engineer's Report contains an assessment roll showing the proposed amount to be assessed against each parcel within each District. The proposed assessments within the Engineer's Report will be used to pay the operation, maintenance, and material costs associated with the District for FY 2013-14. Exhibit C is available for review in the City Clerk's office. Since there will not be any changes to the Engineer's Report approved on April 17, 2013, the City Council is not required to approve a Modified Engineer's Report. The proposed assessments within the Engineer's Report, approved on April 17, 2013, will be used to pay the operation, maintenance and material costs associated with the District for FY 2013-14.

FISCAL IMPACT

All costs are included in the District's budget. Revenues to cover the estimated expenditures are levied and collected as a special assessment against the properties within the District. The budget for the District is detailed on Exhibit B of the Engineer's Report. A comparative summary of the existing and proposed assessments for the District is shown below:

District	Current Annual / Monthly	Proposed Annual / Monthly	CPI	Account Number
Douglas Park	\$93.43/\$7.79	\$94.83/\$7.90	1.5% Annually	320327244
Douglas Park - (Zone A) Vandegrift	\$35.77/\$2.98	\$36.31/\$3.03	1.5% Annually	320328244

An annual increase to the base assessment rate by the Consumer Price Index (CPI) for all Urban Consumers for the San Diego Area was approved by a majority of the property owners within the District with City Council approval. The total annual assessment will not exceed the maximum rate unless a balloting process is completed in compliance with Proposition 218. All of the assessments approved by the City

Council were prepared in accordance with the 1972 Act and are in full compliance with the provisions of the California Constitution Article XIID (Proposition 218).
