BACKGROUND

The operation necessitates the installation of new electrical transmission lines to the Property.

ANALYSIS

The proposed alignment of the San Diego Gas and Electric Company ("SDG&E") electric transmission line is within City-owned property at El Corazon. The purpose of the easement is to allow SDG&E to install the electric transmission line in order for SoCal to operate at the Property. Upon approval, SDG&E will be granted an easement for the operation and maintenance of the electric transmission line.

FISCAL IMPACT

Approval of the easement will not have an adverse fiscal impact on the City.

SAN DIEGO GAS & ELECTRIC COMPANY

EASEMENT

THE CITY OF OCEANSIDE, A MUNICIPAL CORPORATION, (Grantor), grants to SAN DIEGO GAS & ELECTRIC COMPANY, a corporation (Grantee), an easement and right of way in, upon, over, under and across the lands hereinafter described, to erect, construct, change the size of, improve, reconstruct, relocate, repair, maintain and use facilities consisting of:

1. Poles, wires, cables and appurtenances for the transmission and distribution of electricity.
2. Underground facilities and appurtenances for the transmission and distribution of electricity.
3. Communication facilities, overhead and/or underground and appurtenances.

The above facilities will be installed at such locations and elevations upon, along, over and under the hereinafter described easement as Grantee may now or hereafter deem convenient or necessary. Grantee also has the right of ingress and egress, to, from and along this easement in, upon, over and across the hereinafter described lands. Grantee further has the right, but not the duty to clear and keep this easement clear from explosives, buildings, structures and materials.

The property in which this easement and right of way is hereby granted is situated in the County of San Diego, State of California described as follows:

That portion of Parcel "B" of Certificate of Compliance No. PLA-10-00007, as described in a Deed recorded October 24, 2011 at Document No. 2011-0557726 of Official Records of said County of San Diego.

The easement in the aforesaid lands shall be more particularly described in Parcels 1, 2 and 3 as follows:

PARCEL 1:

That certain strip of land, 12.00 feet in width, being 6.00 feet on each side of the center line of the facilities to be installed, the approximate location being shown and delineated as "OVERHEAD UTILITY FACILITIES" on the Exhibit "A", attached hereto and made a part hereof.

PARCEL 2:

That certain strip of land, 4.00 feet in width, being 2.00 feet on each side of the center line of the facilities to be installed, the approximate location being shown and delineated as "ANCHOR UTILITY FACILITIES" on the Exhibit "A", attached hereto and made a part hereof.

PARCEL 3:

That certain strip of land, including all of the area lying between the exterior sidelines, which sidelines shall be three (3) feet, measured at right angles, on each exterior side of each and every facility installed, the approximate location being shown and delineated as "UNDERGROUND UTILITY FACILITIES" on the Exhibit "B", attached hereto and made a part hereof.

Grantor grants to Grantee the right to erect and maintain on Grantor's property adjacent to this easement such anchorage as may be necessary for Grantee's purposes.

Grantor shall not erect, place or construct, nor permit to be erected, placed or constructed, any building or other structure, plant any tree, drill or dig any well, within this easement.

Grantor shall not increase or decrease the ground surface elevations within this easement after installation of Grantee's facilities, without prior written consent of Grantee, which consent shall not unreasonably be withheld.

Grantor further grants to Grantee the right to assign any or all of the rights granted in this easement in whole or in part to other companies providing utility or communication facilities/services.

Grantee shall have the right but not the duty, to trim or remove trees and brush along or adjacent to this easement and remove roots from within this easement whenever Grantee deems it necessary. Said right shall not relieve Grantor of the duty as owner to trim or remove trees and brush to prevent danger or hazard to property or persons.

CONDUITS CARRY HIGH VOLTAGE ELECTRICAL CONDUCTORS, therefore Grantor shall not make or allow any excavation or fill to be made within this easement WITHOUT FIRST NOTIFYING SAN DIEGO GAS & ELECTRIC COMPANY BY CALLING 696-2000, and OBTAINING PERMISSION.

The legal description for this easement was prepared by San Diego Gas & Electric Company pursuant to Section 8730 of the Business and Professions Code, State of California.

This easement shall be binding upon and inure to the benefit of successors, heirs, executors, administrators, permittees, licensees, agents or assigns of Grantor and Grantee.
