

DATE: December 3, 2014

TO: Honorable Mayor and City Councilmembers

FROM: Public Works Division

SUBJECT: **APPROVAL OF A PURCHASE ORDER AND AGREEMENT FOR UNDERGROUND FACILITY LOCATION AND MARKING SERVICES**

SYNOPSIS

Staff recommends that the City Council approve a purchase order and two-year agreement effective January 1, 2015 with UtiliQuest, LLC, of Atlanta, Georgia, in the annual amount of \$54,600 for underground facility location and marking services for the Public Works Division; and authorize the Financial Services Director, or designee, to execute the purchase order; and authorize the City Manager to execute the agreement upon receipt of all supporting documents.

BACKGROUND

UtiliQuest currently provides these services which include reviewing daily requests from Underground Service Alert (USA) and providing location/marketing services for underground utilities owned by the City of Oceanside such as street lights and traffic signals. The existing agreement expires December 31, 2014, and will be renewed for two years. Staff has found it more cost-effective to contract out these services and UtiliQuest is currently the only company providing these services in Southern California. Per Municipal Code, Section 28 and Administrative Directive #21, this vendor qualifies as a sole source provider.

ANALYSIS

California State Law requires contractors to notify USA at least 48 hours prior to excavating. Failure to do so can result in large fines and the contractor can be charged with the repair costs of any damaged underground facilities. UtiliQuest will be notified by USA on a daily basis to determine if City-owned utilities are located within any excavation areas in the City limits. The price of these services provided by UtiliQuest is fair and reasonable and in line with industry fair market values. UtiliQuest has provided these services to the City of Oceanside for the last seven years and is a reliable contractor who provides excellent service and responds to requests in a timely manner. The agreement is for a term of two years commencing January 1, 2015.

FISCAL IMPACT

The two-year agreement cost is \$109,200 which is funded through the General Fund. Staff anticipates spending \$27,300 in FY 2014-15 from the Public Works Traffic Control System Maintenance Account 640621101.5355. There is currently \$61,000 in this account so therefore sufficient funds are available.

Staff anticipates spending \$54,600 in FY 2015-16 and \$27,300 in FY 2016-17 from the Public Works Traffic Control System Maintenance Account 640621101.5355 which will be allocated during the annual budget process.

INSURANCE REQUIREMENTS

The City's standard insurance requirements will be met.

COMMISSION OR COMMITTEE REPORT

Does not apply.

CITY ATTORNEY ANALYSIS

The referenced documents have been reviewed by the City Attorney and approved as to form.

Contractor shall invoice Customer each week for the work performed the prior week. All invoices shall be due and payable, and Customer shall pay the Compensation due, within thirty (30) days of the date of the invoice.

ARTICLE III: Term and Termination

Section 3.1 – Term of the Contract

The term of this Agreement shall be for a period of Two (2) years and begin on January 1, 2015 and shall expire on December 31, 2016. The parties acknowledge that Contractor needs a start-up period to inspect the materials received from Customer and to prepare to provide the Services, and Customer shall provide all relevant materials to Contractor as soon as practical after the execution of this Agreement. Contractor shall perform work at the prices outlined in attached Exhibit B - Schedule of Pricing.

Section 3.2 – Termination

This Agreement, and the obligations of the parties, maybe terminated prior to the end of the term only under the following circumstances and only in accordance with the following procedures:

1. By either party after ten (10) days prior written notice in the event of the bankruptcy or insolvency of a party, or in the event of the appointment of a receiver for the assets of a party; or
2. By the non-breaching party after thirty (30) days prior written notice to the breaching party, and after compliance with the procedures set forth in Section 3.3 of this Agreement, in the event of a material breach by a party of its obligations under this Agreement; or
3. By either party, for any reason with thirty (30) days prior written notice to other party.

Section 3.3 – Procedures for Termination for Breach

In the event a party in good faith believes that the other party has breached its obligations under this Agreement, the non-breaching party shall provide a written notice to the breaching party specifying in reasonable detail the breach, which is alleged to have occurred. If the party receiving the notice agrees that the breach has occurred, it shall be given ten (10) days after the receipt of the notice to cure such breach or, in the event such a breach can not be cured, to develop and submit to the other party policies or procedures, or to take other action, to ensure that such a breach will not occur in the future. In the event the party receiving the notice does not agree that the breach has occurred, such party shall request in writing a meeting of their respective general managers to discuss the facts and circumstances alleged to have resulted in the breach and to determine whether such a breach has occurred. Such a meeting shall occur within five (5) days of the receipt of such a request. At the meeting, the parties shall cooperate with each other and act in good faith to resolve the dispute and their differences. In the event the meeting of the general managers does not resolve the dispute as to whether a breach has occurred, a second meeting shall be held between the parties and shall be attended by the general managers and the next highest position within the applicable party with authority over the subject matter of this Agreement. At the second meeting, the parties shall again cooperate with each other and act in good faith to resolve the dispute and their differences. In the event the second meeting of the parties does not resolve the dispute, the question of whether a breach has occurred under this Agreement shall be submitted to mediation. A single mediator, selected by the parties, shall conduct the mediation. If the parties cannot agree on the mediator, each party shall submit three (3) selections for mediators, and the mediator shall be selected by lot from the six (6) names submitted. The costs and expenses of the mediation shall be shared equally between the parties; provided, however, that each party shall pay their own fees and expenses of their respective counsel, witnesses and experts, if applicable. The parties acknowledge and agree that the foregoing provisions are intended to provide a process of resolving disputes between them without the necessity of terminating this Agreement. The parties hereby confirm their agreement to make diligent and good faith attempts to cooperate with each other throughout the term of this Agreement, and to resolve all differences in a fair and equitable manner. The parties understand and agree that compliance with this Section 3.3 is a condition precedent to commencing a civil action or proceeding based on this contract. Further, no suit shall be brought on this contract unless all statutory claims filing requirements have been met.

Section 3.4 – No Solicitation of Competitive Contractors by Customer

Customer hereby agrees not to solicit any contractors or agents to bid for or to provide the Services described in this Agreement during the term of this Agreement. However, notwithstanding the termination provisions detailed in Section 3.2 of this Agreement, the Customer shall be entitled to solicit for bids for the Services within the last 120 days of the term provided the Contractor is also entitled to bid for such Services at such time.

Nothing in this Section 3.4 shall be construed to prohibit or prevent customer from complying with competitive bidding laws, rules or procedures applicable to customer as a public agency.

Section 3.5 – Transition of Contractors

Upon the termination of this Agreement, the parties agree to reasonably cooperate with each other as is necessary to effect an orderly transition of the business contemplated in this Agreement. In furtherance of this provision:

1. Contractor agrees to deliver to the Customer at or prior to the date of such termination the materials supplied to Contractor pursuant to Section 1.3 of this Agreement, and to provide Customer with all Requests received for which Services have not been performed as of the date of termination; and
2. The parties mutually agree to meet, prior to the proposed date of termination, to coordinate between them the transition of unperformed Requests and ongoing major projects for which Contractor has been providing Services. Contractor shall be entitled to, and Customer shall pay, continued Compensation, pursuant to this Agreement, for any Services performed after the termination, but at the request of Customer and in connection with the transition of the business contemplated to another contractor. In the event Customer does not request any additional Services in connection with such transition, the termination of this Agreement shall relieve Contractor from all obligations to provide Services. Termination of this Agreement shall not, however, relieve either party of any obligation to the other which arose prior to the date of such termination.

ARTICLE IV: Insurance

Section 4.1 – Contractor's Insurance

Contractor shall maintain throughout the term of this Agreement the following insurance coverage, and upon request shall provide to Customer certificates or policies evidencing the following coverage:

Each policy shall provide that it will not be canceled or amended except after ten (10) days advance written notice to Customer, mailed to the address indicated in this Agreement.

ARTICLE V: Indemnification and Liability

Section 5.1 – Indemnification by Contractor

Notwithstanding the provisions of Section 5.3 herein, Contractor shall be liable for any claim, lawsuit or damage to the property or facilities of Customer that results directly from an error or omission by Contractor in locating and marking Customer's underground facilities. The Contractor shall indemnify, defend and hold harmless the Customer and its officers, directors, affiliates, agents, and employees from and against all claims, actions, damages, losses, and expenses, including reasonable attorneys' fees and disbursements, arising out of or resulting from a breach of this Agreement or the performance of the Services performed under this Agreement, provided that such claim, action, damage, loss or expense is caused in whole or in part by any act or omission of the Contractor, or any subcontractor of the Contractor, or anyone directly or indirectly employed by any of them, or anyone for whose acts any of them may be liable, regardless of whether or not it is caused in part by a party indemnified hereunder. Notwithstanding the foregoing, contractor's defense and indemnity obligations hereunder shall not apply to claims arising from the willful misconduct, sole negligence or active negligence of the customer, its officers, agents or employees.

Section 5.2 – Third Party Claims

Promptly after the receipt by a party to this Agreement of notice of any claim, action, suit or proceeding by any person who is not a party to this Agreement (collectively, an "Action") which is subject to indemnification, such party (the "Indemnified Party") shall give reasonable written notice to the party from whom indemnification is claimed (the "Indemnifying Party"). The Indemnified Party's failure to so notify the Indemnifying Party of any such matter shall not release the Indemnifying Party, in whole or in part, from its obligations to indemnify under this Agreement, except to the extent the Indemnified Party's failure to so notify actually prejudices the Indemnifying Party's ability to defend against such Action. The Indemnified Party shall be entitled, at the sole expense and liability of the Indemnifying Party, to exercise full control of the defense, compromise or settlement of any such Action unless the Indemnifying Party, within a reasonable time after the giving of such notice by the Indemnified Party, shall:

1. Admit in writing to the Indemnified Party, the Indemnifying Party's liability to the Indemnified Party for such Action under the terms of this Agreement;
2. Notify the Indemnified Party in writing of the Indemnifying Party's intention to assume the defense, and;
3. Retain legal counsel reasonably satisfactory to the Indemnified Party to conduct the defense of such Action.

The Indemnified Party and the Indemnifying Party shall cooperate with the party assuming the defense, compromise or settlement of any such Action in any manner that such party reasonably may request. If the Indemnifying Party so assumes the defense of any such Action, the Indemnified Party shall have the right to employ separate counsel and to participate in (but not control) the defense, compromise, or settlement, but the fees and expenses of such counsel shall be the expense of the Indemnified Party unless:

- a. The Indemnifying Party has agreed to pay such fees and expenses,
- b. Any relief other than the payment of money damages is sought against the Indemnified party or
- c. The Indemnified Party shall have been advised by its counsel that there may be one or more legal defenses available to it, which are different from or additional to those available to the Indemnifying Party, and in any such case the fees and expenses of such separate counsel shall be borne by the Indemnifying Party.

No Indemnified Party shall settle or compromise or consent to entry of any judgment with respect to any such Action for which it is entitled to indemnification hereunder without the prior written consent of the Indemnifying Party, unless the Indemnifying Party shall have failed, after reasonable notice, to undertake control of such Action in the manner provided above in this Section. No Indemnifying Party shall, without the written consent of the Indemnified Party, settle or compromise or consent to entry of any judgment with respect to any such Action in which any relief other than the payment of money damages is sought against any Indemnified Party unless such settlement, compromise or consent includes as an unconditional term thereof the giving by the claimant, petitioner or plaintiff, as applicable, to such Indemnified Party of a release from all liability with respect to such Action.

Section 5.3 – Shared Damage Risk

In the event of any damage to Customer's underground facility, which in the opinion of Customer may be related to the Services performed hereunder, Customer shall immediately (after making the site safe) but no later than 12 hours notify Contractor to investigate such damage, and Contractor shall submit a written investigation report to Customer within 10 business days. If Contractor is notified of a damage later than 12 hours, Contractor will still investigate but will not be held liable to Customer's underground facility. Should the investigation reveal that the damage resulted directly from an error or omission of Contractor, or because Contractor failed to mark the location of such facility within reasonable accuracy as defined herein, Contractor shall reimburse Customer for repair and restoration costs of said facility not to exceed \$1,000.00 per incident. Contractor shall not be responsible for down time/ delays due to any facility damages.
