

STAFF REPORT

ITEM NO. 11

CITY OF OCEANSIDE

DATE: April 1, 2015

TO: Honorable Mayor and City Councilmembers

FROM: Water Utilities Department

SUBJECT: **AWARD OF CONTRACT FOR THE CONSTRUCTION OF THE CLOSED CIRCUIT TELEVISION SEWER INSPECTION PROGRAM AND APPROVAL OF A PROFESSIONAL SERVICES AGREEMENT FOR INSPECTION AND CONSTRUCTION MANAGEMENT SERVICES**

SYNOPSIS

Staff recommends that the City Council award a contract in an amount not to exceed \$1,600,490 to Hoffman Southwest Corporation, (dba) Professional Pipe Services of Walnut, for the Closed Circuit Television (CCTV) Sewer Inspection Program; approve a Professional Services Agreement with Infrastructure Engineering Corporation (IEC) of Oceanside in an amount not to exceed \$145,600 for inspection and construction management services during construction; and authorize the City Manager to execute the agreements upon receipt of all supporting documents.

BACKGROUND

The City of Oceanside has over 263 miles of vitrified clay sewer pipe located throughout the sewer collection system ranging in diameters from 6 inches up to 42 inches. The City manages a cleaning and inspection program to clean the entire system once every two years and to inspect pipelines, via CCTV, as problems in the collection system arise. The methodology for pipeline camera work is slow and methodical whereby staff makes a video recording of the pipeline as well as notes deficiencies in the pipeline while in the field. While this provides a detailed picture of approximately 19-20 miles of pipeline a year, a majority of the pipelines have not gone through an intensive condition assessment or structural evaluation since they were installed.

Staff has determined that the Digital 360 pipeline inspection technology which scans the pipelines in a continuous, non-stop run between designated start and end points to be the best option for our current needs.

ANALYSIS

The City Council authorized the City Engineer to call for bids on November 5, 2014. On February 17, 2015, one bid was received and publically opened for the project. The apparent low bidder is Hoffman Southwest Corporation, (dba) Professional Pipe Services of Walnut, with a bid in the amount of \$1,600,490 (Exhibit A). Staff has

reviewed the bid documents submitted by Hoffman Southwest Corporation, (dba) Professional Pipe Services and find that its bid, bid bond, and references are in accordance with City standards.

To properly manage this project during construction, the services of a construction management and inspection support team are required. On November 25, 2014, staff solicited proposals from 15 engineering firms (Exhibit B) to provide construction management and inspection services during construction of this project. The firms were selected from a list compiled by the City of Oceanside's Engineering Department using the City's selection procedures for professional services. Included in the solicitation were all Oceanside firms that provide these services.

On December 9, 2014, five proposals were received by the Water Utilities Department. In accordance with the City's procedure, a panel was selected to evaluate the proposals. The panel unanimously recommended that Infrastructure Engineering Corporation (IEC) of Oceanside be selected to provide the construction management and inspection services (Exhibit C).

IEC will provide inspection and construction management support services during construction (Exhibit D). Inspection and Construction management support services include coordinating the construction management of submittals and requests for information, scheduling, coordination, etc. with City Personnel throughout the duration of the project.

FISCAL IMPACT

The adopted FY 14/15 budget for the CCTV Sewer Inspection Program account (909136300722) is \$2,000,000. The construction contract price is \$1,600,490 and the inspection and construction management contract is \$145,600 for a combined total of \$1,746,090; therefore, sufficient funds are available. Funding for this project comes from the Sewer Fixed Asset Replacement Fund, 722, which is primarily funded by sewer service and flow fees.

INSURANCE REQUIREMENTS

The City's standard insurance requirements will be met.

COMMISSION OR COMMITTEE REPORT

The Utilities Commission received a project update at its regularly scheduled meeting on March 17, 2015.

CITY ATTORNEY'S ANALYSIS

The referenced documents have been reviewed by the City Attorney and approved as to form.

RECOMMENDATION

Staff recommends that the City Council award a contract in an amount not to exceed \$1,600,490 to Hoffman Southwest Corporation, (dba) Professional Pipe Services of Walnut, for the Closed Circuit Television (CCTV) Sewer Inspection Program; approve a Professional Services Agreement with Infrastructure Engineering Corporation (IEC) of Oceanside in an amount not to exceed \$145,600 for inspection and construction management services during construction; and authorize the City Manager to execute the agreements upon receipt of all supporting documents.

CITY OF OCEANSIDE

PROFESSIONAL SERVICES AGREEMENT

PROJECT: CCTV SEWER INSPECTION SERVICES AND CONSTRUCTION MANAGEMENT – [909136300722]

THIS AGREEMENT, dated _____, 2015 for identification purposes, is made and entered into by and between the CITY OF OCEANSIDE, a municipal corporation, hereinafter designated as "CITY", and INFRASTRUCTURE ENGINEERING CORPORATION, hereinafter designated as "CONSULTANT."

NOW THEREFORE, THE PARTIES MUTUALLY AGREE AS FOLLOWS:

1. **SCOPE OF WORK.** Then CONSULTANT desires to perform construction management and inspection services for the CCTV Sewer Inspection program as more particularly described in the CONSULTANT'S proposal dated February 17, 2015, attached hereto and incorporated herein as Exhibit A.
2. **INDEPENDENT CONTRACTOR.** CONSULTANT'S relationship to the CITY shall be that of an independent contractor. CONSULTANT shall have no authority, express or implied, to act on behalf of the CITY as an agent, or to bind the CITY to any obligation whatsoever, unless specifically authorized in writing by the City Engineer. The CONSULTANT shall not be authorized to communicate directly with, nor in any way direct the actions of, any bidder or the construction contractor for this project without the prior written authorization by the City Engineer. CONSULTANT shall be solely responsible for the performance of any of its employees, agents, or subcontractors under this Agreement. CONSULTANT shall report to the CITY any and all employees, agents, and consultants performing work in connection with this project, and all shall be subject to the approval of the CITY.
3. **WORKERS' COMPENSATION.** Pursuant to Labor Code section 1861, the CONSULTANT hereby certifies that the CONSULTANT is aware of the provisions of Section 3700 of the Labor Code which require every employer to be insured against liability for Workers' Compensation or to undertake self-insurance in accordance with the provisions of that Code, and the CONSULTANT will comply with such provisions, and provide certification of such compliance as a part of this Agreement.

4. LIABILITY INSURANCE.

- 4.1. CONSULTANT shall, throughout the duration of this Agreement maintain comprehensive general liability and property damage insurance, or commercial general liability insurance, covering all operations of CONSULTANT, its agents and employees, performed in connection with this Agreement including but not limited to premises and automobile.
- 4.2 CONSULTANT shall maintain liability insurance in the following minimum limits:

Comprehensive General Liability Insurance
(bodily injury and property damage)

Combined Single Limit Per Occurrence	\$ 1,000,000
General Aggregate	\$ 2,000,000*

Commercial General Liability Insurance
(bodily injury and property damage)

General limit per occurrence	\$ 1,000,000
General limit project specific aggregate	\$ 2,000,000

<u>Automobile Liability Insurance</u>	\$ 1,000,000
---------------------------------------	--------------

*General aggregate per year, or part thereof, with respect to losses or other acts or omissions of CONSULTANT under this Agreement.

- 4.3 If coverage is provided through a Commercial General Liability Insurance policy, a minimum of 50% of each of the aggregate limits shall remain available at all times. If over 50% of any aggregate limit has been paid or reserved, the CITY may require additional coverage to be purchased by the CONSULTANT to restore the required limits. The CONSULTANT shall also notify the CITY'S Project Manager promptly of all losses or claims over \$25,000 resulting from work performed under this contract, or any loss or claim against the CONSULTANT resulting from any of the CONSULTANT'S work.
- 4.4 All insurance companies affording coverage to the CONSULTANT for the purposes of this Section shall add the City of Oceanside as "additional insured" under the designated insurance policy for all work performed under this agreement. Insurance

coverage provided to the City as additional insured shall be primary insurance and other insurance maintained by the City of Oceanside, its officers, agents, and employees shall be excess only and not contributing with insurance provided pursuant to this Section.

- 4.5 All insurance companies affording coverage to the CONSULTANT pursuant to this agreement shall be insurance organizations admitted by the Insurance Commissioner of the State of California to transact business of insurance in the state or be rated as A-X or higher by A.M. Best.
- 4.6 CONSULTANT shall provide thirty (30) days written notice to the CITY should any policy required by this Agreement be cancelled before the expiration date. For the purposes of this notice requirement, any material change in the policy prior to the expiration shall be considered a cancellation.
- 4.7 CONSULTANT shall provide evidence of compliance with the insurance requirements listed above by providing, at minimum, a Certificate of Insurance and applicable endorsements, in a form satisfactory to the City Attorney, concurrently with the submittal of this Agreement.
- 4.8 CONSULTANT shall provide a substitute Certificate of Insurance no later than thirty (30) days prior to the policy expiration date. Failure by the CONSULTANT to provide such a substitution and extend the policy expiration date shall be considered a default by CONSULTANT and may subject the CONSULTANT to a suspension or termination of work under the Agreement.
- 4.9 Maintenance of insurance by the CONSULTANT as specified in this Agreement shall in no way be interpreted as relieving the CONSULTANT of any responsibility whatsoever and the CONSULTANT may carry, at its own expense, such additional insurance as it deems necessary.
5. **PROFESSIONAL ERRORS AND OMISSIONS INSURANCE.** Throughout the duration of this Agreement and four (4) years thereafter, the CONSULTANT shall maintain professional errors and omissions insurance for work performed in connection with this Agreement in the minimum amount of One Million Dollars (\$1,000,000.00).

CONSULTANT shall provide evidence of compliance with these insurance requirements by providing a Certificate of Insurance.

6. **CONSULTANT'S INDEMNIFICATION OF CITY.** To the greatest extent allowed by law, CONSULTANT shall indemnify and hold harmless the CITY and its officers, agents and employees against all claims for damages to persons or property arising out of CONSULTANT'S work, including the negligent acts, errors or omissions or wrongful acts or conduct of the CONSULTANT, or its employees, agents, subcontractors, or others in connection with the execution of the work covered by this Agreement, except for those claims arising from the willful misconduct, sole negligence or active negligence of the CITY, its officers, agents, or employees. CONSULTANT'S indemnification shall include any and all costs, expenses, attorneys' fees, expert fees and liability assessed against or incurred by the CITY, its officers, agents, or employees in defending against such claims or lawsuits, whether the same proceed to judgment or not. Further, CONSULTANT at its own expense shall, upon written request by the CITY, defend any such suit or action brought against the CITY, its officers, agents, or employees founded upon, resulting or arising from the conduct, tortious acts or omissions of the CONSULTANT.

CONSULTANT'S indemnification of CITY shall not be limited by any prior or subsequent declaration by the CONSULTANT.

7. **OWNERSHIP OF DOCUMENTS.** All plans and specifications, including details, computations and other documents, prepared or provided by the CONSULTANT under this Agreement shall be the property of the CITY. The CITY agrees to hold the CONSULTANT free and harmless from any claim arising from any use, other than the purpose intended, of the plans and specifications and all preliminary sketches, schematics, preliminary plans, architectural perspective renderings, working drawings, including details, computation and other documents, prepared or provided by the CONSULTANT. CONSULTANT may retain a copy of all material produced under this Agreement for the purpose of documenting their participation in this project.
8. **COMPENSATION.** CONSULTANT'S compensation for all work performed in accordance with this Agreement, shall not exceed the total contract price of \$145,600.

No work shall be performed by CONSULTANT in excess of the total contract price without prior written approval of the City. CONSULTANT shall obtain approval by the City prior to performing any work that results in incidental expenses to CITY.

9. **TIMING REQUIREMENTS.** Time is of the essence in the performance of work under this Agreement and the timing requirements shall be strictly adhered to unless otherwise modified in writing. All work shall be completed in every detail to the satisfaction of the City and contract shall remain in force for the duration of funding availability, until such time as purchase order is exhausted or this agreement is amended.
10. **ENTIRE AGREEMENT.** This Agreement comprises the entire integrated understanding between CITY and CONSULTANT concerning the work to be performed for this project and supersedes all prior negotiations, representations, or agreements.
11. **INTERPRETATION OF THE AGREEMENT.** The interpretation, validity and enforcement of the Agreement shall be governed by and construed under the laws of the State of California. The Agreement does not limit any other rights or remedies available to CITY.

The CONSULTANT shall be responsible for complying with all local, state, and federal laws whether or not said laws are expressly stated or referred to herein.

Should any provision herein be found or deemed to be invalid, the Agreement shall be construed as not containing such provision, and all other provisions, which are otherwise lawful, shall remain in full force and effect, and to this end the provisions of this Agreement are severable.
12. **AGREEMENT MODIFICATION.** This Agreement may not be modified orally or in any manner other than by an agreement in writing signed by the parties hereto.
13. **TERMINATION OF AGREEMENT.** Either party may terminate this Agreement by providing thirty (30) days written notice to the other party. If any portion of the work is terminated or abandoned by the CITY, then the CITY shall pay CONSULTANT for any work completed up to and including the date of termination or abandonment of this Agreement. The CITY shall be required to compensate CONSULTANT only for work performed in accordance with the Agreement up to and including the date of termination.

14. **SIGNATURES.** The individuals executing this Agreement represent and warrant that they have the right, power, legal capacity and authority to enter into and to execute this Agreement on behalf of the respective legal entities of the CONSULTANT and the CITY.

IN WITNESS WHEREOF, the parties hereto for themselves, their heirs, executors, administrators, successors, and assigns do hereby agree to the full performance of the covenants herein contained and have caused this Professional Services Agreement to be executed by setting hereunto their signatures on the dates set forth below.

Ms. Amy Czajkowski
Interim Water Utilities Division Manager
City of Oceanside
Water Utilities Department
300 North Coast Highway
Oceanside, CA 92054

Reference: Proposal to Perform Construction Management and Inspection Services for the CCTV Sewer Inspection Program, Contract No. (909136300722)

Dear Ms. Czajkowski:

In accordance with your request, Infrastructure Engineering Corporation (IEC) is pleased to provide this proposal for Construction Inspection services for the City of Oceanside's CCTV Sewer Inspection Program. IEC would like to propose Mr. Michael Tisdale as the resident construction manager/inspector. The following scope of work proposed is possibly including, but not limited to, the following:

SCOPE OF SERVICES:

Presented below is IEC's proposed Detailed Scope of Work to be provided based on our understanding of the project requirements. IEC has assembled a comprehensive and scope of work to accomplish the City's project objectives and ensure a complete and well-coordinated construction management program that results in a project that is delivered on time and within budget.

Task 1 – Construction Phase Services

Task 1.1 – Reports and Communications (Document Control)

A. Project Document Control

Maintain field memoranda, transmittals, updated schedules, logs of shop drawings and other submittals, logs of requests for information, change orders, progress payment requests, progress meeting reports, compaction reports, daily inspection reports, and any additional relevant project correspondence. Project documentation will be kept digitally as well as hard copies, and files will be organized in a logical manner as approved by the City.

Task 1.2 – Construction Administration

A. Construction Progress Meetings

Schedule and conduct bi-weekly construction progress meetings with the contractor(s) and the City. Provide meeting agendas and discuss the schedule, near term activities, clarifications and problems which need resolution, coordination with other contractors, status of change orders, and safety issues. Prepare minutes of the meetings with identified action items. Prepare and distribute the minutes to the attendees.

B. Project Coordination

Provide coordination between the Contractor, Agencies, Public Outreach Consultant, Private Properties and the City as needed to facilitate the construction process. IEC will ensure that the parties have up to date necessary information and documents such as shop drawings, submittals, plan revisions, by-pass plans, and traffic control plan. A documentation tracking procedure will be developed to track the distribution of these documents.

C. Shop Drawings and Submittal Reviews

Coordinate submittal review and approval. IEC will be responsible for processing and monitoring the status of submittals. IEC will provide cursory review of the contractor's submittals for general conformance with the contract document requirements prior to sending the submittals to the design engineer. Submittals of a general nature will be reviewed and processed by the CM team at the City's request. The CM team may also provide review of technical specifications of a general nature such as crushed rock, asphalt paving, and import.

IEC will log, track, and monitor shop drawings, calculations, data samples, submittals, and manuals from the contractor. Shop drawings and submittals which significantly do not meet the specified requirements will be returned to the contractor with comments for corrections and resubmittal. Exception reports, which identify outstanding submittals or reviews needed, shall be prepared periodically.

D. Plans and Specifications Interpretation (RFI Processing)

Review and respond to contractor RFIs of a general nature. Technical RFIs will be submitted to the project design engineer for response. Maintain a log of RFIs and in order to ensure that written clarifications are provided to the contractor in a timely manner. Responses to requests for changes to the design will be submitted to the City's Project Manager and Design Engineer for response and approval.

E. Respond to Change Order Requests

Identify, prepare log, and monitor contractor or City initiated claims, changes, extra work, and change orders. Negotiate claims to an agreed Contractor/Consultant/City conclusion. Provide written recommendations to the City regarding the resolution of change orders and submit change orders to the City for approval. Prepare a report providing statement of

claim, extra work, or change; background leading to the issue; resolution recommendation for action by the City. Prepare written justification and cost estimates for each change order that require design modifications or clarifications, including revisions to the drawing, details, and specifications. Resolve claims, extra work, and change orders for changes to the work and obtain City approval.

F. Progress Payment Reviews

Prepare project related invoices and progress payments. Submit invoices to the City's project manager with a recommendation stating the proper amount for payment using the Schedule of Values and actual quantities as a basis to prepare payment requests. Progress Payment review will also include evaluation of the monthly updated construction schedule and review of the project as-builts to verify that the contractor is up to date. In addition, review of monthly progress payments will include review of the Contractor's required inspections, testing, and reports as required by the project SWPPP and the Construction General Permit.

Task 1.3 – Construction Inspection Services

A. Daily Construction Monitoring

Provide inspection and necessary specialty inspection to observe and document that the contractor's work is in compliance with the contract documents. Prepare daily reports of the construction activities including weather conditions, contractor's equipment and manpower, work performed, materials used, site visitors, note delays in work and reasons for the delays, and deficiencies. Prepare daily reports of deviations and non-conformance to specifications and provide a timely response. Perform technical inspection at the job site as required of materials and workmanship, and discuss with the contractor appropriate revisions to the methods and procedures used in performing the work. Observe and record all material deliveries to the site. Material certificates shall be verified and documented for compliance with plans, specifications, and approved shop drawings. Prepare a detailed daily report summarizing all observations and work performed on site each day/shift. Maintain on a daily basis a set of as-built drawings as verification and redundancy to the Contractors.

B. Photo Documentation

Take and develop construction documentation photographs on a regular basis. Maintain a digital photographic library of significant construction activities. Take additional photographs to document differing site conditions, change order claim items and any special or unique conditions as they arise.

Ms. Amy Czajkowski
City of Oceanside
February 17, 2015
Page 4 of 4

Task 2 – Post-Construction Services

Task 2.1 – Project Closeout

Prepare detailed project punch item lists at closeout of the project. Upon correction of deficiencies, schedule, coordinate, and conduct a final walk through prior to acceptance of work with the City. Verify work, testing, cleanup and demobilization is complete. Check and submit final payment requests after final walk through. Review and certify that the contractor's project record drawings are complete and accurate.

Task 2.2 – Final Project Documents

Within 30 days of filing of the notice of completion, provide a Construction Documentation notebook and electronic copy comprised of all approved shop drawings, material test reports, certifications, daily inspection reports, meeting minutes, conversation logs, and photo documentation. Also provide and submit one set of redlined as-built drawings.

FEE:

IEC is pleased to present this estimated fee for Construction Inspection **Services** for the South Oceanside Waterline Project. Our estimated not to exceed fee for the proposed scope of work is \$145,600.00 (One Hundred Forty Five Thousand, Six Hundred Dollars). This fee has been developed with the understanding that the City intends to utilize Mr. Michael Tisdale for approximately 1040 hours at the rate of \$140.00/HR as presented in the attached 2015 Rate Sheet.

The fee for this project will be billed on a "Time and Materials" basis, however the initial agreed on budget will not be exceeded without prior negotiation with the City. Should the construction schedule be extended, or should IEC be requested to provide additional services, IEC will need to negotiate additional budget with the City.

We sincerely appreciate the opportunities to provide this proposal and assist the City with this project. Please contact me at (858) 413-2400 should you have any questions or need further information.

Sincerely,

Scott Adamson, PE
Construction Services Manager

**CITY OF OCEANSIDE
2015 AS-NEEDED CM AND INSPECTION
HOURLY CHARGE RATE AND
EXPENSE REIMBURSEMENT SCHEDULE**

***Construction**

Construction Inspector	\$ 115
Senior Construction Inspector	\$ 130
Construction Manager	\$ 140
Sr. Construction Manager	\$ 165
CM Coordinator	\$ 95
