

Watch Curiosity Quest Goes GREEN!

Oceanside is such an amazing place to live, it is even being featured on Curiosity Quest Goes Green! When asked “How do we keep our beaches clean?” host Joel Greene thought of Oceanside. Oceanside has the most extensive beach, harbor, and downtown recycling program in San Diego County. In fact, Oceanside is on the Road to Zero Waste with a goal of recycling 75%-90% of materials out of landfills by 2020. When you are out and about enjoying our beautiful environment don’t forget to “recycle smart” by looking for a blue recycling container. Did you know that [more than 80%](#) of our materials can be recycled? When heading to the beach, remember to bring only what you need to have a good time. Reduce your environmental impact by packing snacks in reusable containers and limiting excess packaging. Watch Curiosity Quest Goes Green to learn about having a Zero Waste Beach Day and how the City and other local organizations help keep our beaches and waterways clean! Watch the episode on National PBS and San Diego Channel 4 or scan the QR Code to watch it now. [Together we can protect Oceanside’s cherished waves and good times for future generations!](#)
