Join the Oceanside Public Library every 3rd Tuesday for a film screening and Civic Reflection Discussion.

Civic reflection discussions are intended to create much needed meaningful conversations among citizens about social & cultural challenges to try to improve our common life. This is a different kind of discussion than you may have participated in before. We are not trying to reach a consensus; it is okay if people do not agree. The goal of Civic Discussion is to listen, and we are likely to leave the discussion with more questions than we started with.

That is okay.
