

CITY OF OCEANSIDE

FIREWORKS **ARE ILLEGAL** IN OCEANSIDE

Please remember that selling, possessing, or using fireworks of any kind is illegal in the City of Oceanside. Illegal fireworks pose a great fire danger to homes. Leave the fireworks to the professionals.

If you attend a fireworks event, please keep an eye on children and stay at least 500 feet away from where the fireworks are being launched. Fireworks cause an average of 20,000 reported fires a year and *many* serious injuries.

Thank you and have a safe Independence Day!
