

**SECTION 01001 – STANDARD DRAWINGS, STANDARD SPECIFICATIONS
AND APPROVED MATERIALS LIST**

PART 1 – GENERAL

1.1 STANDARD SPECIFICATIONS AND STANDARD DRAWINGS

- A. Standard Specifications, Standard Drawings, Procedures, and Approved Materials Lists shall be as described in these specifications and the City of Oceanside Engineers Design and Processing Manual (Engineers Manual) and the City of Oceanside Water Utilities Department Water, Sewer, and Recycled Water Design and Construction Manual (Water Utilities Manual). Where the Engineers Manual and the Water Utilities Manual reference the same item, material, procedure, or specification, the Water Utilities Manual shall take precedence.
- B. The term “Water Utilities Manual” is understood to include all sections, all required notes, all appendices, all standard drawings, and all standard specifications published on the City’s website.
- C. The Water Utilities Manual can be found at
<http://www.ci.oceanside.ca.us/gov/water/admin/manual.asp>.
- D. The Engineers Manual can be found at:
<http://www.ci.oceanside.ca.us/gov/dev/eng/edpmanual.asp>.

1.2 REFERENCE STANDARDS

- A. Standards listed as “Reference Standards” in the various sections of these contract documents are hereby incorporated into this specification by reference.
- B. Reference documents shall include all revisions, amendments, supplements or addenda issued on or before the date of advertising for bids.
- C. The City of Oceanside Standard Specifications and Standard Drawings are incorporated into these contract documents by their reference herein and will be enforced unless superseded by the project specifications or specific details of the contract documents.

1.3 APPROVED MATERIALS LIST

- A. All the material used on this project, shall be in accordance with items listed in these specifications or as indicated in the Engineers Manual and Water Utilities Manual. The use of the following materials shall refer to the Water Utilities Manual: Fire Hydrants; Blow-off Valves; Air Release Valves; Pipe, Fitting, Valve, and Nut and Bolt Material and Protection; Hydraulic Valves; Water Services to House and Commercial Connections; Service Saddles; Ductile Iron Pipe Water Mains; Polyvinyl Chloride Pipe Water Mains; Bedding and Backfill; Valves under 14”; Butterfly Valves; Standard Vault; Vault Lids; Valve Box, Cover, and Can; Valve Stem Extension; Ductile Iron Fittings; Flanges; and Flange Gaskets. Where materials
