

NEW **LINK+** PROGRAM ALLOWS YOU TO BORROW ITEMS FROM OTHER LIBRARIES

They Are Delivered to Your Oceanside Public Library—Free!

The Oceanside Public Library is excited to offer Link+ to Library cardholders. Link+ provides a single, online searchable catalog from which “available” material from other libraries can be requested and delivered to your local library location. With Link+ you can borrow books, DVDs, CDs and audiobooks from over 70 public and academic libraries and receive them at your library branch within 7 days or less. This cooperative resource sharing effort brings materials from over 370 locations or branches directly to you.

If a title you wish to borrow is not available at an Oceanside Public Library location, login to the Link+ Catalog by selecting the Link+ icon on the Library’s catalog page or go directly to the catalog at <http://oceanside.iii.com>. You will request the item with your Oceanside Public Library card number. This service is free but overdue and lost/damaged fees apply.

One happy book club member recently remarked, “The title I requested for my upcoming book club arrived within a couple of days at my library branch. It was so easy and convenient. I loved not having to wait for the book!”

For more information, please visit the library’s [website](#) or call (760) 435-5600.
