

**REBUTTAL AGAINST ARGUMENT IN FAVOR OF MEASURE K**

VOTE NO! Measure K is a bad idea! We don't want to be like other cities. Oceanside has been doing great with ELECTED Treasurers and City Clerks for years. There is no reason to change this!

- The Treasurers in Oceanside have been Certified Municipal Treasurers for years- having the highest qualifications to handle Oceanside's funds. The City Clerks become certified as well and are also highly qualified. The City has run smoothly for years with their professionalism.
- This proposal was on Oceanside's ballot before, and it FAILED by an overwhelming 85%!
- There was NO PUBLIC INPUT! There was almost NO PUBLIC SUPPORT!
- As an American, You should have the Right to Vote for your choice of representation in your government.
- Don't give up Your Right To Vote for Elected Representatives!
- Measure K eliminates Your Vote for 2 of 7 ELECTED Oceanside offices. This REDUCES Your Voting Power by almost 30%!

Elected Public Watchdogs eliminate political demands by the Council. ELECTEDS can exercise INDEPENDENT JUDGMENT. An appointee could not. Appointees are NOT answerable to you, can't be recalled and don't have to live in the City of Oceanside. One person would appoint them, leaving the public out of the whole process.

ELECTED City Clerks & City Treasurers provide DIRECT & IMPORTANT OVERSIGHT of the heart of our government: Record Keeping, Elections, Treasury, & Investments.

Protect your precious Right to Vote by VOTING NO!
