

# Coastal Rail Trail Project Presentation

**You're invited** to a community Webinar to hear about the Coastal Rail Trail Project segment between Oceanside Boulevard and Morse Street.

## PURPOSE

The City is continuing with the Engineering and Environmental process for the Coastal Rail Trail Project. The concept incorporates input from the 2017 community meeting. Please join this meeting for an update on the status of the project including Preliminary Design and Environmental Study progress.

## AGENDA

A detailed presentation of this portion of the selected Coastal Rail Trail will be given at 5:00 p.m. The presentation will cover the following: a summary of past community input, the selected alignment, and the status of the project including the preliminary design and the Environmental Study progress. After the presentation, participants will be able to ask questions.

## INSTRUCTIONS FOR JOINING THE WEBINAR

The City of Oceanside will host this meeting virtually using GoToMeeting.

Participants using a phone line

- Phone Number: (408) 650-3123
- Access Code: 922-414-485

Participants using a computer, tablet or smartphone:

- Access the webinar at this link (no password required):

<https://global.gotomeeting.com/join/922414485>

Once the meeting has begun:

- All attendees will be automatically placed on mute with video turned off once joined.
- Questions are welcome during Public Comment portions of the meeting by typing a “?” in the Chat Box.
