

## KOCT Wins Three WAVE Awards

The annual **Western Access Video Excellence** awards (WAVE) showcase the best work of community television producers from the western states of Arizona, California, Colorado, Hawaii, Nevada and New Mexico. It's very competitive, and this year there were over 350 entries. KOCT is pleased that three out of their six Finalists won a WAVE in their category:

**Discover Downtown 2** - Congratulations to Producer *Janene Shepherd* and the KOCT team that produces the **Discover Downtown** series for winning a WAVE in the Lifestyle-Informational category.

**San Luis Bike Rey Trail** - Another WAVE winner was our KOCT's Cablecast Team Leader, *Angela Miranda* for her PSA – **the San Luis Rey Bike Trail**.

**Journalist Roundtable - The State of the Media in North County** won in the "LIVE" category. Producer and Executive Director Tom Reeser shares the award with the winning crew, hosts and journalists that make this monthly program possible. The program host is Kent Davy and the respected journalists are Alison St. John and Logan Jenkins.

The WAVE awards event was held at the Alliance for Community Media Regional Conference and took place in San Jose on October 25, 2013. KOCT's Garvin Ha also had two of his PSA entries make the Finalist category.

*Congratulations Garvin... and all at KOCT!*
