

Loma Alta Slough Wetland Enhancement Project

Presentation

You're invited to a community webinar to hear about the wetland enhancement design selected for Loma Alta Slough

PURPOSE

The City of Oceanside is developing a wetland enhancement design for the Loma Alta Slough located between Coast Highway and Pacific Street. The purpose of the project is to expand coastal wetland habitat and improve public access through trails and educational signage.

AGENDA

A detailed presentation of the selected wetland enhancement design will be given at 5:00 p.m. The presentation will cover the following: key findings of technical studies, a summary of past community input, upcoming public comment period under the California Environmental Quality Act (CEQA), and an overview of the permitting process. After the presentation, participants will be encouraged to ask questions and provide feedback.

INSTRUCTIONS FOR JOINING THE WEBINAR

Due to public health orders, the City of Oceanside will host this meeting virtually using Zoom.

Participants using a phone line

- Phone Number: (833)548-0276 (toll free)
