

Beachfront Improvement Feasibility Study -

UPDATE Phase II **UPDATE**

STUDY OVERVIEW

The City's waterfront is an incredibly valuable public resource and over the past several years the City has taken significant actions to upgrade the area.

The City just commenced work on a feasibility study to explore potential improvements to the Junior Seau Beach Community Center, Junior Seau Pier Amphitheater/ Bandshell, and the pier plaza area.

As a member of the Oceanside community and user of these facilities, your input will be critical to the success of this study.
