OCEANSIDE PUBLIC LIBRARY

**For Immediate Release
April 1, 2019**

OCEANSIDE PUBLIC LIBRARY OFFERS BOOKS, MOVIES FROM ALL OVER CA WITH LINK+

The Oceanside Public Library is excited to announce a single, online searchable catalog, called Link+, from which available material from other libraries statewide can be requested and delivered to your local Oceanside library location. Starting in early April, with Link+ you can borrow books, DVDs, music CDs and audiobooks on CD from over 70 public and academic libraries, and receive them at your Oceanside Library branch within 7 days or less. This cooperative resource-sharing effort brings materials from over 370 locations or branches directly to you.

You can get to the Oceanside Public Library catalog by typing in the box that says "Search the Catalog" on www.oceansidepubliclibrary.org or go directly to <http://oceanside.iii.com> to search. If a title you want to borrow is not available at an Oceanside Public Library location, select the Link+ icon on the Library's catalog page. You will request the item with your Oceanside Public Library card number and PIN. This service is free, but overdue and lost/damaged fees apply.

Please visit www.oceansidepubliclibrary.org for more information about Oceanside Public Library services and programs, call (760) 435-5600 or email public.library@ci.oceanside.ca.us for more Link+ service information.
