

North County

Earth Festival 2019

City of Oceanside

Vendor Application

Dear Potential Earth Festival Vendor:

The City of Oceanside invites you to participate in its tenth annual Earth Festival, Saturday April 27 from 10 a.m. to 3 p.m. This is a wonderful opportunity to showcase your environmentally friendly product, service or organization at North County's largest Earth Day celebration. Last year the Earth Festival attracted over 10,000 attendees and included 100 vendors. This year's Earth Festival is expected to grow and will be loaded with fun and educational activities for all ages to enjoy, including dozens of environmentally friendly booths and organizations, a children's eco-zone, and entertainment. There is no booth fee to participate in the Earth Festival; however sponsorships are greatly encouraged and used directly to support and expand Green Oceanside environmental educational efforts and events.

To be considered for a 10x10 booth space at the 2019 Earth Festival, please complete the following application and submit by email or mail no later than April 5, 2019 as spaces are limited. Vendors who submit their application by March 15, 2019 will receive priority consideration. Vendor admission is determined by space availability and applicability to event theme. **Please note vendors are required to provide their own canopy, table, chairs and booth materials.**
